Free Good Friday Community Dinner at GAC

Georgetown Alliance Church is hosting a free Community Dinner for everyone on Good Friday April 6.

"For us Good Friday represents a day of ultimate sacrifice," says Pastor Bob Vetro. "In keeping with the spirit of Good Friday, we recognize that there are a wide range of needs in our community. We hope that many will be able to join us at this Community Dinner."

Art meets meditation in unique worship installation

Residents have a new means of engaging the Easter story this Holy Week. The congregations of St. Paul's United, Milton and Norval United, Norval are teaming up to offer "Every Breath We Drew" a Holy Week worship installation.

Worship installations are a new form of Christian practice, influenced by post-modern and emerging church movements. There are no preaching ministers, no singing choir, no bulletins or announcements or order of service. Instead, an installation provides interactive prayer stations, multi-media experiences, community art projects and guided meditations, all in a contemplative and artistically engaging space. The

entire experience is self-directed and participants engage different aspects of the Holy Week story at their own pace. The experience is sometimes described as part art gallery, part worship service, and can be a meaningful opportunity for longtime adherents or folks newly interested in the Christian faith.

To reserve your seat at this free dinner please call the church office at 905-873-0249 weekdays from 9 a.m. to 1 p.m. or e-mail admin@togetheratgac.com.

"Every Breath We Drew" will be open for drop-in visitors, 6:30-9 p.m., April 2 at St. Paul's United, 123 Main St. Milton and during the same hours April 3 at the Milton Centre for the Arts and on April 4 at Norval United, 486 Guelph St.

Visit www.facebook.com/everybreathwedrew or call Cam Fraser, 905-878-8895) or Andrew Hyde, 905-877-6122.
