## Compost Give Away

Monday, May 7 to Saturday, May 12  
 8 a.m. to 4:30 p.m.

Halton Waste Management Site  
 5400 Regional Road 25, Milton

Thanks to the participation of Halton residents, approximately 30,500 tonnes of yard waste was composted last year and turned into rich, garden-friendly compost. Halton residents are invited to come to the Compost Give Away and pick up some of this compost as a "thank you" for diverting this usable material away from the landfill, thereby extending its life!

All Halton households are welcome to collect a maximum of seven bags (or equivalent) of compost. Please bring your own containers (garbage bags, yard waste bags, reusable containers, trailer, etc.) and shovel. Residents are responsible for shoveling and bagging their own compost.

Non-perishable food items or cash donations will be gratefully accepted on behalf of Halton area Food Banks. Your donations make a difference!

Helpful Hint: When applying compost to your gardens, ensure you blend it with topsoil or another gardening fill. Recommended application for best growing results is a 60/40 split (60 per cent topsoil and 40 per cent compost).

## Stopping Red Light Running in Halton

During your travels around Halton, you may have come across one of our new red light cameras. With two already in place, we're planning to install another 10 across the Region to help improve intersection safety on our roads.

Red light cameras are about saving lives. With at least one accident every week in Halton Region attributed to someone running a red light, it's important to remember that running red lights is not only dangerous, it's also illegal. For more information, please visit [www.halton.ca/stoponred](http://www.halton.ca/stoponred).

 Regional Chair

## Halton Regional Meeting Schedule

Meetings can be viewed at [www.halton.ca](http://www.halton.ca)

May 9, 9:30 a.m. Regional Council

## Spring cleaning? We can help!

Bring your old batteries, paint, compact fluorescent light bulbs, pesticides and cleaners to the Household Hazardous Waste Depot at the Halton Waste Management Site. Maximum 20 litres per visit. No commercial loads accepted. For a list of acceptable materials and helpful hints, visit [www.halton.ca/waste](http://www.halton.ca/waste).

**Stay Connected!** Follow us on Twitter @HaltonRecycles and read our blog at [www.haltonrecycles.ca](http://www.haltonrecycles.ca). We're sharing great information about Halton's waste diversion programs like Special Waste Drop-off Days and other waste management events—we'd love to hear from you!
