IN MEMORIAM

**KINNON, Terry (Theresa)**

It has been a year since we lost Terry (Theresa) Kinnon. She was the greatest wife, mother, grandmother, sister, friend and nurse.

Mom, please know you're in our thoughts, hearts and souls. We miss you so much and nothing will ever be the same without you.

Please don't mourn for me  
I'm still here, though you don't see.  
I'm right by your side each night and day  
And within your heart I long to stay.

My body is gone but I'm always near  
I'm everything you feel, see and hear.  
My spirit is free but I'll never depart  
As long as you keep me alive in your heart.

I'll never wander out of your sight.  
I'm the brightest star on a warm summer night.  
I'll never go beyond your reach  
I'm the warm, moist sand when  
you walk on the beach.

I'm the colourful leaves  
when winter comes 'round  
And the pure white snow  
that blankets the ground.  
I'm the beautiful flowers of  
which you're so fond.  
The clear cool water in a quiet pond.

I'm the first bright blossom  
you see in the spring.  
The first shiny raindrop that storm clouds bring.  
I'm the first ray of light when  
the sun starts to shine

And you see that the face in the moon is mine.  
I'm the hot salty tears that flow when you weep  
And the beautiful dreams that come  
while you sleep  
I'm the smile you see on a stranger's face  
Just look for me.....  
I'm every place!

Love Always,  
Your family

**Register by Friday CVC offers free garden workshop on May 30**

Whether your home is on a small lot or a spacious property, Credit Valley Conservation (CVC) is helping residents create beautiful backyard habitats

with native plants at a free garden workshop on Wednesday, May 30, 7-8:30 p.m. at Glen Town Hall, 1 Prince St., Georgetown.

"Going natural can save you time and money in the long run," said Alison Qua-Enoo, Program Coordinator for Escarpment Outreach. "Why strive for a manicured and high maintenance lawn and garden when you can have an attractive, all-season yard with native shrubs and flowers, that will benefit local wildlife and help the environment?"

Native plants have an advantage because they can withstand lower rainfall in the summer without watering. CVC staff can identify native plants that are resistant to a wider range of local pests, making chemical treatment unnecessary. Native plants can withstand competition from other plants, which means less weeding.

Information in this workshop is meant for neighbourhoods in Halton Hills, but everyone is welcome to attend. Local residents can sign up to receive a free native tree or shrub at the event when registering. Register by calling 905-670-1615, ext. 436.

For further information please contact Alison Qua-Enoo at [aqua-enoo@creditvalleyca.ca](mailto:aqua-enoo@creditvalleyca.ca) or 905-670-1615 ext. 438.
