**Celebrating Clean Air Day with Wings and Thingamajigs**

Halton Region celebrated Clean Air Day, June 6, with the launch of Wings and Thingamajigs, a second Halton picture book about how air quality and climate change affect health. The book weaves local landmarks and compelling characters into a story that raises awareness and inspires children and parents to take action. As this story illustrates, simple actions such as walking or biking to school can have a big impact on our environment and our health. Monitoring the health impacts of air pollution and protecting public health are Citizens' Priorities in Halton Region's Action Plan. Learn more by dialing 311 or download a copy of the book at [www.halton.ca/thingamajigs](http://www.halton.ca/thingamajigs). Find book one at [www.halton.ca/featherwagons](http://www.halton.ca/featherwagons).
