### COUNSELLING THE NEW HEARING AID USER

The following few tips, if followed correctly, will prolong the benefits and enjoyment of better hearing:

- Do not get the hearing aid wet
- Do not leave the instrument where it is too hot or cold
- Try not to drop the hearing aid
- Do not spray cleaning solution or hair spray on the instrument
- Keep the instrument and batteries out of the reach of small children and especially pets

If any of the above problems do occur, please don't hesitate to call...

## Georgetown Denture Clinic

Alexander Trenton, DD, F.C.A.D. (A) Denturist

TOOTH CHATTER - georgetowndentureclinic.ca

### DENTAL HUMOUR

I was the duty dental officer at CFB Petawawa, one evening I received a call from the base hospital. A soldier had broken some teeth in a car accident. As I entered the dental clinic, an orderly wheeled the soldier in. "I understand you have some broken teeth," I said to the patient. "Are you in any pain?" "Well, not really, sir" he said as he opened his hands to reveal a set of broken dentures.

During a routine checkup, a Denturist asked his patient if he has been eating any different kinds of foods lately. The man replied that, yes his wife has learned to make a wonderful hollandaise sauce, and he's been eating it on just about everything.

"Well," the Denturist said, "I think the acidity in the sauce's lemon juice

is eroding your denture plate. I'll make you a new one, but this time I'll make it out of chrome." "Chrome?", the patient asked. "Why Chrome?"

"Because," the Denturist replied, everyone knows "there's no plate like chrome for the hollandaise!"

"Good grief, you've got the biggest oral cavity I have ever seen!!" the Denturist exclaimed as he examined the patient. "The biggest oral cavity I have ever seen!!" The patient snapped, "You don't need to repeat it."

"I didn't" said the Denturist, "that was an echo."
