

LEGION NEWS

BRANCH
No. 197

By
**Sharon
Graham**
P.R.O.

Last Friday evening you could not have asked for better weather to start the long weekend. Thank you goes out to the members who helped prepare our BBQ, Gary, Sue, Tracey, Jennifer, Mike and Les. After the BBQ we were entertained by *Bad Weather* on the patio. It is nice just to be able to sit outside by the lake. Our next live band will be on June 1, it will be held on the patio with *The Par 3 Show Band* from 7 to 11 p.m. There will also be a BBQ on this evening as well.

Remember to mark your calendar on June 3, for it is Decoration Day, the planting of geraniums for the veterans. We will meet at Fairview Cemetery by 9 a.m., please bring a small shovel to dig your holes for planting. If you would like anymore information and you have computer you can go to www.rclbr197.org and have a look at the calendar.

On behalf of the Branch, we would like to send our condolences to the Luty family on the passing of Zygy.

Ladies Auxiliary Notes

On behalf of the ladies auxiliary I would like to congratulate the newly elected Branch Executives. We look forward to working with each and every one of you, and hope you all have a good year in office.

I made a mistake on the date last week for the Niagara trip (yes, you read right) I made a mistake. The trip is Sunday, May 27. Meet by the plane at the Legion at 9:30 a.m., and do not be late as we are leaving at 9:30 sharp. Sorry, Legion Ladies Auxiliary members only.

Ladies please also remember that we require your help in serving banquets please contact Dolores or talk to her at the June Meeting if you can help. June 16 is the next function. Also remember we have weddings, etc. throughout the summer as well. Every member that is able to help should be volunteering their help. That is why you joined the Auxiliary.

Thank you to all of the ladies who helped this past long weekend. You did a great job.

The next General Meeting is Thursday, June 7. The pot luck will start at 6:15 p.m., followed by the meeting at 8 p.m.

Yours in Comradeship,
Peggy Harris,
President to Branch
197 Ladies Auxiliary

PLANTS AND HALF PINTS: The annual Acton Horticultural Society's plant sale was a great time for young and old. These young ones, Stuart, Graham, Sydney and Geneen Furzer found a cozy seat while their parents continued to browse the many different plants and flowers offered at the sale. – Ted Tyler photo

WORTH THE WAIT: Lines were long at the annual Acton Agricultural Society's plant sale. The sale and nice weather attracted a large crowd looking for those special plants for their gardens. – Ted Tyler photo

CP Rail Strike should not effect Milton GO Transit Service

A strike by the Teamsters Canada Rail Conference (TCRC), representing CP Rail train crews and rail traffic controllers, was set to cause disruption for riders of the Milton GO transit service.

The corridor used for the Milton service is owned by CP Rail and the strike could have meant that there would be no train service on the

Milton line. GO transit has received word that the TCRC have agreed to run commuter trains.

Milton train riders may wish to investigate alternate travel routes, which could include the use of the Lakeshore West or Kitchener train lines should the situation change. Customers can go to gotransit.com for up-to-date information.
