still as **SIMPLE**
as **1-2-3**

When it comes to effortless pool care, BioGuard's comprehensive pool care systems are simply the best. That's because each system is broken down into three easy-to-follow steps - starting with Step 1: adding a sanitizer (our best products feature patented SmartGuard® Technology) to quickly kill bacteria followed by Step 2: using the recommended shock to destroy contaminants and Step 3: adding an algicide to stop algae before it starts. Simple, huh? Visit us today to learn more on the simplicity of following a BioGuard system.

Marcel
