

GLT Youth Company donates play proceeds to hospital fundraising campaign

The Georgetown Little Theatre Youth Company is setting the example by donating \$400 to the Georgetown Hospital Foundation, says Jackie Fox, Annual Giving and Special Events Coordinator, Georgetown Hospital Foundation.

A registered charity themselves, members of the GLT Youth Company decided to donate a portion of their excess production earnings to the Georgetown Hospital's \$6.5M campaign.

The money was raised by their recent production of a new adaptation of *Jane Eyre's Pride and Prejudice*. The group's members are between the ages of 10 and 18.

Members of the GLT Youth Company pride themselves on team work. From costume design, lighting, props and acting, the Youth Company believes that team work is vital to a successful production. They have set an example and have conveyed a very important message: it takes a team to put on a performance, as it takes a community to build a hospital, says Fox.

The Georgetown Hospital Foundation was pleased to receive this donation and was touched by the generosity of another local charity, she adds. To contribute to the Hospital Campaign contact Fox, 905-873-0111 ext. 8220 or jafox@haltonhealthcare.on.ca, www.georgetownhospitalfoundation.ca

Yukon is looking for the right Doc

Would you love to:

- ▶ Paddle, canoe or kayak Yukon's waterways?
- ▶ Hike or bike some of the best trails in the world?
- ▶ Dogsled, snowmobile, cross-country or downhill ski in a pristine winter wilderness?

If you are open to a one- to three-year commitment, are a Canadian College of Family Physicians Certified (CCFP) General Practitioner, and, ideally, have experience practicing medicine in a rural setting, then consider practicing in Watson Lake, Yukon.

Passionate for adventure? Then Yukon is the place for you. Want to be surrounded by serenity and beauty, and enjoy a slower pace of life? Then Watson Lake, the "Gateway to the Yukon," is the place for you.

Watson Lake has a population of about 1,550 people. A six-bed hospital is opening in the community this Fall, with a lab and medical imaging capacity. The hospital will work closely with the community health centre in the interest of public health, and you will work within a supportive Yukon medical community.

If this sounds like the place for you, contact Shauna Demers at 867-667-5620 or shauna.demers@gov.yk.ca for further information.
