

Have your say on what Town will look like in 2060

Residents, businesses and organizations are urged to comment on the latest draft of the Community Sustainability Strategy that imagines Halton Hills in 50 years time.

The draft Strategy for 2060 centers around a long-term community vision for Halton Hills that will lead to a more prosperous future with a thriving economy and healthy neighbourhoods, all contributing to an even higher quality of life.

The draft vision reads: "In 2060, the urban and rural communities of Halton Hills balance economic prosperity with a deep commitment to the natural environment, while retaining viable local agriculture and small-town feel, and being socially equitable, culturally vibrant and strongly connected."

'It will help set priorities and guide the completion of key Town plans, policies, studies and various other initiatives.'

RICK BONNETTE

"Thanks to the dedication of the Town Sustainability Advisory Committee and the wealth of input received from our community, the Community Sustainability Strategy will help shape the future of Halton Hills over the next 50 years," said Mayor Rick Bonnette. "It will help set priorities and guide the completion of key Town plans, policies, studies and various other initiatives. The overarching objective will be to ensure that everyone in Halton Hills enjoys an even higher quality of life, where our businesses and neigh-

bourhoods thrive. "As we near the Strategy's completion, we will reach out to a wide variety of community partners in order to jointly advance the Strategy's implementation," he added. "We look forward to taking action on this important blueprint for our community's future."

The community vision is supported by four distinct 'pillars' that address four key areas that are crucial to the long-term well being of Halton Hills: economic prosperity; environmental health; social well-being; and cultural vitality. Within the pillars are 32 themes or focus areas supported by 145 goals.

The draft Strategy content can be viewed at: <http://haltonhills.ca/initiatives/Sustainability-Strategy.php>.

The public can provide feedback to the Office of Sustainability via Twitter @ImagineHH and on Facebook @ www.Facebook.com/ImagineHaltonHills

Once the feedback is gathered, the draft document will be finalized with a second public information meeting this fall.

Information on the Town's sustainability initiatives, including the Community Sustainability Strategy, is available at: www.haltonhills.ca/sustainability.

10TH ANNIVERSARY

HEARING SCIENCES Audiology and Hearing Aid Centre

*It is our honour and pleasure to serve the community for 10 years. In appreciation, we are offering complimentary hearing tests & batteries**

*Complimentary box of batteries and complimentary hearing test for all hearing instruments purchased in July and August (with this ad). 3 year warranty, complimentary cleaning and adjustments are always provided.

Try the 30 second HEARING TEST

1. Have you worked in noise, even for a short time period?
 2. Do you have difficulty hearing women's or children's voices?
 3. Does everyone mumble?
 4. Is TV turned up louder?
 5. Do you have ringing or buzzing in your ears?
- If you answered yes to any of these questions, a hearing test is recommended.**
