SENIOR HUMOUR

I'M LIVING

Just a line to say I'm living! That I'm not among the dead: Tho' I'm getting more forgetful and "mixed up" in the head!

I've got used to my arthritis, TO MY DENTURES, I'M RESIGNED"; I can manage my bifocals, but, how I miss my mind!

For sometimes I can't remember, when I stand at the foot of the stair, if I must go up for something, or I've just come down from there!

And before the fridge so often, my poor mind is filled with doubt, have I just put food away, or have I come to take some out?!!

And then there's time, when it is dark, with my nightcap on my head, I don't know if I'm retiring, or just getting out of bed!!

WE BUILD BEAUTIFUL SMILES!

Consultations are always free!!

... Lend Me Your Ears

NOISES AND YOUR SLEEP

Noise does not have to be loud to be harmful, it could take as little 60 decibels (the level of a quiet air conditioner) - to prod us from deep to superficial sleep without our knowing it, interrupting R.E.M. Cycles and leaving us to face the day fatigued and unfocused.

Sleep deprivation from various noisy sources has been blamed for the thousands of highway and industrial accidents each year. The Hearing Clinic specializes in noise alleviating ear plugs, for more information please call today.
