What's Cookin' Greek Salsa is one of Lori's new favourite dishes

This is one of my new favorite dishes. This is a fantastic little appetizer- it is also great on almost any barbecued burger.

If you want to add a little more to it, you can also finely chop a nice ripe avocado just before serving and mix it in.

You can also spice it up a little by chopping up a jalapeno pepper or maybe a banana pepper (once again, chop it fine!) and mix in.

There are a couple of keys to making this salsa great. First, everything must be chopped super fine. So, if you don't have a sharp knife or you hate chopping, this may not be the recipe for you. Second, you must let the tomatoes sit and drain. This is what gives you a nice meaty salsa without all the liquid that makes your bread or chips soggy.

Try this mixture instead of your regular mix, the next time you make bruschetta.

And by all means, at this time of the year use your lovely tomatoes from the garden!

Have fun and keep cooking!
