ACTON

The Acton Seniors Centre will be closed on Monday, July 2 to celebrate Canada Day. It will re-open on Tuesday morning at 9 a.m.

Twenty-one members and their guests enjoyed their birthdays that occur in June and July at the Birthday Tea on June 18. Sydney and Rachel

Durham entertained us with their dancing. Sydney danced a Jazz routine and Rachel a tap routine. They are the daughters of the Acton Seniors Centre's Administrative Assistant Michelle Durham. They have won numerous awards for their dancing.

Thinking of entertainment, have you purchased your ticket for the final Social Dinner before a break for the summer? On

the menu are ribs, wings and roasted potatoes, followed by a surprise desert. *Juke Box* will be entertaining is, so bring your dancing shoes.

I was away for a few days, so missed the trip to Mohawk. I understand it went well, and several people came home a little richer after visiting the slots. I was told the prime rib was delicious, and the selection of food and

deserts was excellent as well. WE will be returning on September 24.

The Hikers will be having their final hike on Friday, June 29. They usually finish with a picnic, but this year decided to have the picnic a week earlier. The Dart players have played their final games and darts and hiking will restart in September.

At Thursday afternoon's

Bid Euchre, Frances Hogenbirk had the only mooner.

The Bingo was well attended and we hope to hold another in either August or September. Watch this column for details at a later date. I did not report on last weeks 50/50. It was not won, so \$213.75 was carried forward to this week. This week Anna Arnold won. She received \$279.75.

Halton wants residents to join its new survey panel

Halton Region has launched Halton MVP (My ViewPoint) an innovative online survey panel to gather input from residents about Regional programs and services. On Monday, July 2, the Region will launch the first survey and ask panel members about their satisfaction with Regional services and how they believe the Region should invest tax dollars in the coming year.

"Budgeting is about making choices and our new survey panel offers a timely way to gather input

from Halton's residents," said Regional Chair Gary Carr. "Regional Council truly does value the input we receive from residents, as it allows us to make better decisions on issues that impact us all."

To receive Halton MVP surveys, residents must join the panel and complete a demographic questionnaire at www.halton.ca/MVP. Halton MVP will survey residents about a variety of Regional issues and initiatives including waste management, service optimization, housing, emergency pre-

paredness and more. As part of the program, and to ensure there is two-way communication, Halton Region will make summary survey results available on its website.

Residents who register to join Halton MVP may be invited to participate in up to eight surveys each year. Registration is open to all residents of Halton Region (excluding employees of Halton Region) 18 years of age or older. For more information about Halton MVP visit www.halton.ca/MVP.

The Halton MVP sur-

vey panel will be managed and administered by Jane Armstrong Research Associates on behalf of Halton Region through a secure website. All correspondence, data collection and data analysis are the responsibility of Armstrong Research. The names of panellists, or any other identifiable information, will not be released without written permission by the participant. Individual views will remain anonymous and data will always be analyzed - and presented to Halton Region - in the aggregate.

STILL MISSING
Chocolate & Tan Long Haired Dachshund

REWARD

\$1000 reward for the safe return of Monty.
He was last seen near his Rockwood farm home south of Everton on Saturday February 18th and it is believed he may have been picked up from the side of the road.
If you have any information please help bring him home.
