

# We love kids - Please drive safely

All drivers need to recognize the special safety needs of pedestrians, especially young children returning to school, and exercise great

care and extreme caution to avoid striking pedestrians. Here are some safety tips:  
 • Drivers should not block crosswalks when

stopped at a red light or waiting to make a turn.  
 • In school zone when a warning flasher or flashers are blinking, you must stop

to yield the right-of-way to pedestrians.  
 • Children are the least predictable pedestrians and the most difficult to see.

Don't honk your horn, rev your engine or do anything to rush or scare a pedestrian in front of your car, even if you have the legal

right-of-way. Pay close attention, watch for students heading back to class next week and slow down.
