

# Decline to comment on chairman's election

Should the Regional Chairman be directly elected to his position as chief politician in Halton?

That was the question posed to Halton Hills council by Burlington City aldermen. And it appears Halton Hills council has no interest in pursuing the question.

In a questionnaire put before Burlington's electors Nov. 14, 80 per cent of those who responded were in

favor of directly electing the chairman.

The chairman presently attains office by a vote of regional council and, according to Town Administrator Dan Costea, Town council is content to leave the process unchanged.

Asked by Burlington to give its thoughts on the matter, Town council Monday night received Burlington's correspondence as information, and declined to comment further.

## The night sky . . .

Continued from page 29

Jupiter. The crescent Moon joins Mars and Jupiter on March 12 to make this a truly fascinating celestial sight.

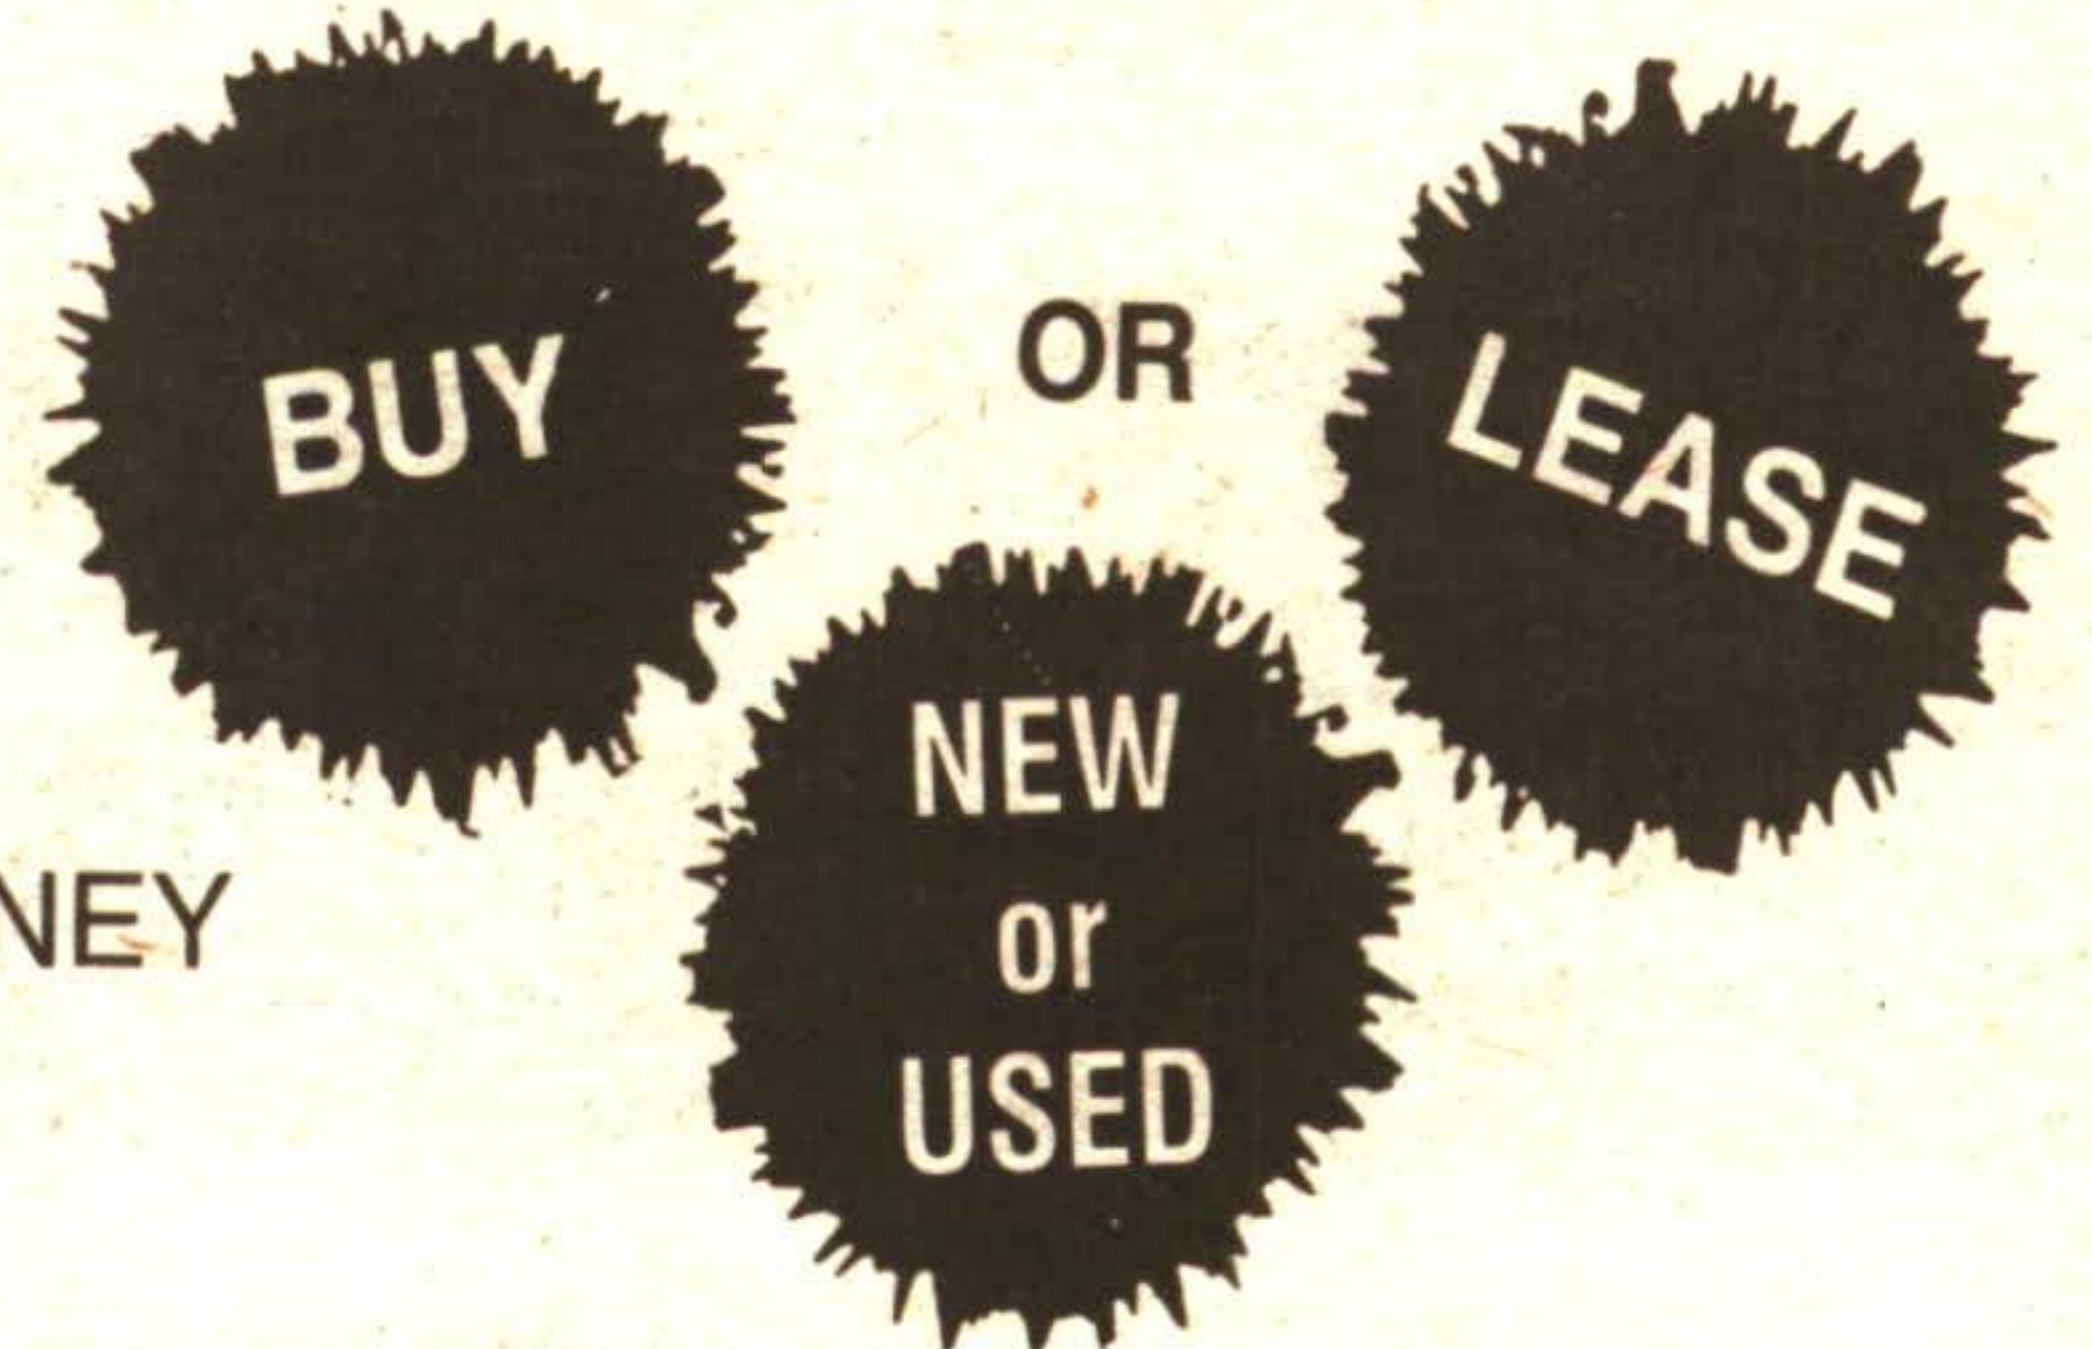

If you have been unable to find Mars and Jupiter, you can take advantage of this opportunity to use the Moon to find them. Mars will be the dim red star-like object between bright white Jupiter and the Moon. As the month passes, Mars will appear to climb away from Jupiter.

Saturn, the second largest planet in our solar system, rises about three hours before the Sun and is low in the southeast at sunrise.

The Moon starts the month in the predawn sky and by March 7 will be in the new phase and not visible. By March 10 th Moon will return to evening sky, visible low in the west just after sunset. The Moon will reach first quarter on March 14 and will be full on March 22.

## Carefree Comfort And Natural Gas Economy.

### Natural Gas Furnaces - Your Best Energy Buy.

Choose a high-efficiency natural gas furnace from Clare, Duomatic Olsen, Grimsby Stove, or Lennox, and you could save hundreds of dollars annually on home heating energy costs when compared with electricity or oil.

Add a central air-conditioning system and a Honeywell electronic air cleaner for all-season home comfort that simply can't be beat by any other option.

### Hot Water Economy That'll Warm Your Heart.

Natural gas rental water heaters cost up to 40% less to operate than electric water heaters, heat much faster than electricity, and are available in a variety of sizes to satisfy all your family's hot water needs.

Limited Time Bonus Specials  
Buy before May 19, 1989 - and you get:

- \$250 off our Total Home Comfort package\*
- PLUS no equipment payments until July '89\*\*
- Replace your electric water heater with gas and make no water heater rental payments until July, '89\*\*

Q. I started a sideline business on July 1, 1988. Do I have to report income from this business on my 1988 return?

A. No, you do not unless you adopted a fiscal year-end date that fell in 1988. When you start a business you may select any date for the end of a fiscal year, except that the fiscal period cannot exceed 12 months. You will be taxed on your income for that fiscal year only in the calendar year in which it ends.
