

**REBEL RELAYS**-The third annual Rebel Relay Track Meet was held Tuesday at the Georgetown track and attracted 25 schools and over 750 athletes. The host school fared well, taking the overall track crown while finishing among the leaders in the overall field title race. Some of the action of the day included the Open

boys distance relay with Georgetown's Kevin McMurray handing off to teammate Martin Davison. In the field Acton's Kelly Ambrose puts her best foot forward in a girls triple jump event.

## Third annual Rebel Relays

# Redmen, Rebels fare well at meet

The Georgetown District High School Rebels track team proved to be poor hosts of their annual Rebel Relays track meet Tuesday.

The Rebels claimed the overall track crown and were near the top in the overall field class. A total of 25 schools and over 750 athletes took part in the GDHS track meet.

"It was a fun meet and really a good workout, something we wouldn't have got by just practising," said Rebels' track coach Bevin Clark. "For our purposes it came just at the right time because for our

athletes who get past Haltons they need to know what it takes to go on. The results of this meet won't be seen until after Haltons.

"I don't think there was a lot of pressure on our kids because there isn't a lot of pressure on you when you're on your home turf," Clark continued. "But there is the motivation to perform well because you're running in front of your friends."

Georgetown's success on the track was evident in the seven first, nine second and five third place finishes in the relay events. Rebel

runners took first spot in the midget and junior girls 4X800 races as well as the senior boys 4X800, Boys and Girls Open Distance, senior boys 4X200 and junior girls sprint relay. The junior boys 4X800 team was second, as was the midget girls 4X400, midget boys 4X400, junior boys 4X400, girls and boys Open Distance, midget boys 4X200, midget girls sprint relay and the senior boys sprint relay. Third place honors went to the senior girls 4X100, junior girls 4X400, senior boys 4X400, junior girls 4x200,

junior boys 4X200 and the second junior girls sprint relay team.

Complete field results weren't available prior to press deadlines.

Acton Redmen fared well at the Rebel meet, setting two new school records to bring that total to four so far this year. Marc Lapointe improved Acton's senior boys long jump mark to 6.10 metres after taking fourth at the Rebel event. Junior Bill Andrews competed in the senior boys triple jump and in taking fifth at the Rebel meet set a new Acton junior boys mark of 11.65-metres.

Other individual highlights included first place finishes by Jennifer Scott and Tammy Richard. Scott topped the field in both the senior girls triple and long jump events while Richard took first in the midget girls discus. Leanne Prueter was second in the junior girls discus while teammate Heather Willmott was third in the same event. The Redmen senior boys sprint relay team of Andrews, Dave Osborne, Bob Richmond and Lapointe took fourth in that race.

Overall Redmen coach Bruce Andrews was pleased with his team's showing.

"This was a chance for our kids to compete," he said. "the two new school records make that four so far this year so we're happy with that."

The Rebel meet was run by Grade 13 physical education students as part of their course requirements. Clark gave those individuals and organizers Sue Subject and Kim Weldrick a lot of credit for their efforts.

"With 25 schools and that many athletes it was a huge undertaking for them," he said. "They did just an outstanding job."

Both the Rebels and Redmen were off to a meet this weekend, taking part in the annual Father Redmond event. Tuesday and Friday next week the Halton championships will be held in Burlington.

## Georgetown Bowl scores

### GEORGETOWN YOUTH BOWLING

SENIORS: Christina Lane 753 (300), Mark Prevost 710 (321), Chris Somers 655 (267), Brian Bell 612 (234), Barry McLean 610 (252). JUNIORS: Alain Larocque 699 (294), Robin Zander 661 (272), Paul Burgess 571 (239), Tonya Morris 565 (215), Geoffrey Beuparlant 519 (210), Sherry Walsh 501 (198). BANTAMS: Monica Beuparlant 509 (234), Andrew Terrell 460 (166), Matthew Walker 453 (157), Hollie Cairns 431 (168), Beth Ann Burgess 429 (156). PEE-WEES: Richard Gostlin 372 (132), Ken Vidler 332 (120), Gordon Everett 329 (118), Sara Pegg 289 (106), Thomas Palichuk 282 (111), Brendan Louth 281 (99), Michael Cluney 271 (114), Robert Brigden 255 (97). SMURFS: Natalie Larocque 289 (107), Jason Pshyk 279 (96), Alex Foster 247 (97), Gordon Clarke 241 (101), Chris Styles 226 (79).

GEORGETOWN "HOT SHOTS"  
D.R.G. LEAGUE: Ace Bailey 737 (270). MEN'S LEAGUE: Brinley Hole 796 (370), Paul Chaplin 759 (319), Tom Goss 741 (298), Bud Haines 700 (283), Bill Lane 700 (285). SMITH & STONE LEAGUE: Ace Bailey 755 (304). TUES. NITERS LEAGUE: Don Peacock 736 (274). FRI. NITE SOCIAL: Paul Chaplin 747 (294).

## Officials' clinic is set for Sunday

By ALEX TOUGH

Last week's announcement in the column of the possible referee session with the soccer club took a few by surprise, including some of the committee. Only a few were in attendance for Luc Bertrand and self, however, the small and intimate group is often the best. We had an introductory gathering with wide scope of rules and application with signals and equipment essentials. I felt the session went well and the youngsters had several good points to raise.

This Sunday again we attempt to put together a small clinic for local and budding officials at the High School, I believe. Anyone is welcome to attend whether intending to ref or not. We can all learn something.

Can a player stand in front of the goalkeeper if the goalie has the ball? Can a player be ejected for kicking the ball deliberately at an opponent? In mini soccer can an attacking team score a goal whilst an attacking player is inside the goalie's semi circle? Can a team wear black uniforms, the tradition-

al colour of referee uniforms? If yes, what does the game official do? If no, what does the team do? Can a spectator be ejected from the field surrounding area? Can a game be refed by an unqualified official? How many players are allowed inside the 'eighteen yard area' at a free kick inside the area? What is the difference between a direct and an indirect free kick? Are there any differences in referee signals for offences for these last two? How many steps is a goalie allowed to take whilst the ball is in the hands and under control? How close can a player stand to the ball at a free kick? How close the referee? Is it dangerous for a player to lower his/her head to meet the ball whilst an opponent is reaching to kick - or is it dangerous for the kicker?

Just a few questions to ponder whilst you await your opportunity to turn up and participate at our clinic.

Did you know a Canada ladies team reached the bronze medal stage at a tourney in Europe? Well they did, after defeating Russia 1-0,

Italy 6-0 and Hungary 1-0. Semi-final next and again a 2-0 loss to China, a repeat of the score at the same stage two years ago. The bronze match is against Russia who lost 7-0 to France in the other semi final. The under 19 boys squad has been in Rochester training for the upcoming CONCACAF championships. Most of the players are tied to CSL teams and are the future senior World Cup squad potentials. This weekend saw the final matches take place in conjunction with the area national bodies congress, in Guatemala City.

An opener to the soccer season could well have been the international masters challenge at the Skydome between Italy, Paulo Rossi et al, and Portugal, Eusebio, et al. The game ended with a 3-3 tie. Italy let 3-0 and a few minutes from the end came the deserved equaliser as Portugal began to take control of the whole field. A very entertaining game played at a slower pace than normal by some excellent players. Local opening will be mid-May and we should all look forward to it.
