Getting lost in the bush tops hunting dangers

Another hunting season is upon us in Ontario, and the Ontario Provincial Police would like to remind citizens it can be dangerous if engaged in carelessly.

Every year in Ontario, many people are killed or injured in hunting accidents that could easily have been avoided. In the 10 years from 1980 to 1989, an average of 35 people a year were injured in Ontario hunting accidents, while an average of five were killed.

The most common hunting accidents involve careless use of firearms, unsafe use of boats, and getting lost in the bush. These can be avoided by taking a few "common sense," but essential, precautions.

Treat every firearm as if it is loaded. Never point a gun at anything you do not intend to kill, and know where your firearm is pointed at all times.

Never fire from a vehicle, and never carry loaded guns in vehicles. Unload guns before climbing fences, jumping ditches or walking through dense bush.

If hunting with a partner, always know where the other person is. Wear fluorescent orange or red clothing rather than camouflage gear, so that you are highly visible in the bush. Unload all guns after returning to camp.

When using a boat, never overload, and ensure weight is evenly distributed, even if it means making additional trips. Life jackets should be worn by everyone on the boat.

Take extra clothing that is warm and waterproof to protect yourself from hypothermia. Carry an area map and compass at all times, and leave a timetable with

a friend or relative, so they'll know when to expect your return.

For more information on hunting safety, contact your local OPP detachment.

Hotline number for fall color spectacular

Travellers will be able to call the Ministry of Tourism and Recreation for twice-weekly reports on Ontario's Fall colour progression, the best viewing locations and touring possibilities.

"Fall is a beautiful time of year to travel throughout Ontario and enjoy the rich hues of the changing leaves," Ontario Minister of Tourism and Recreation Ken Black said.

"My Ministry is pleased to provide information to travellers who want to take advantage of Ontario's many attractions and natural beauty."

The public may dial toll-free 1-800-ONTARIO (English) and 1-800-268-3736 (French). A taped report, available 24 hours a day, can be heard by dialing (416) 963-2992.

Color Day

Credit Valley Conservation Authority will be hosting its annual Harvest of Color Day on September 30 at Terra Cotta Conservation Area. Admission is \$6.50 per vehicle and the day will feature a pancake breakfast, horse drawn wagon rides, and demonstrations by an assortment of interest groups.

Now is a great time to call Steamatic, the world's most professional cleaning service, to clean your carpets.

Carpets cleaned by Steamatic not only look cleaner, they stay cleaner because they are cleaner.

Steamatic's patented controlled heat cleaning system cleans deep down without brushes or harmful chemicals. Right in your home.
