Mark Llewellyn and Debbie Tilson star as Sky Masterson and Sarah Brown in the delightful *Guys and Dolls* scheduled to open next week at the John Elliott Theatre. Get your tickets now!

Globe countdown begins

With less than a week to go, if you haven't yet bought your tickets for "Guys and Dolls," this is the time to do it - before they're sold out!

There are still some tickets available for Globe Production's Gala evening on Nov. 15, a benefit performance for The North Halton Association for the Developmentally Handicapped. Your attendance that evening will be rewarded by coffee and dessert in the gallery after the show and a chance to meet the cast and crew.

Other performances are Nov. 16, 17, 22, 23, 24, 29, 30 and Dec. 1 at 8 p.m. and Nov. 18 and 25 at 2 p.m. Royal LePage Real Estate at 170 Guelph St. has tickets for sale for \$11 each.

Well-known local voice instructor Debbie Tilson plays a lead role in "Guys and Dolls." As Sister Sarah Brown, the head of the Save-Soul Mission, her biggest challenge is "saving" the notorious gamblers from the streets of New York. She can't accomplish this feat alone of course, and her Mission Band can be seen throughout the show lustily singing their message of abstinence from drinking and gambling.

Two members of the Mission who are instrumental to Sister Sarah's work are also well known to Globe followers. Audrey Houston plays Arvide Abernathy, Sarah's aunt and confidant. Vera MacDonald is none other than General Martha Cartwright who

comes to inspect the Mission and finds it sadly lacking in "saved souls." The determined Mission Band members who follow Sarah are played by Valerie Buck, Christine Ford, Gillian Hill, Tricia MacFarlane, Marny Malcolmson, Marie McMaster, Doug MacDougall and Jeanette Meinemann.

Throughout "Guys and Dolls," the "two-bit gambler" Nathan Detroit is flanked by his motley crew of unredeemable crapshooters. Their ongoing search for a suitable place for the "oldest established permanent floating crap game in New York" takes a turn for the hilarious when they find themselves attending Sister

Sarah's Mission meeting as the result of a bet with the infamous gambler Sky Masterson.

The crapshooters are Angie the Ox, played by Doug MacDougall, Liver Lips Louie, played by Jim Hooper, Society Max, played by Tom Knowles, and Cedric Briggs.

Another amusing character is police Lt. Brannigan, played by Eddie Plackett, who is continually frustrated in his endeavors to catch Nathan and his gang in an illegal crap game.

The entire cast is working non-stop to ensure that the audience enjoys this rollicking musical, an entertaining event for the whole family!

Artisans busy preparing for Christmas craft sale

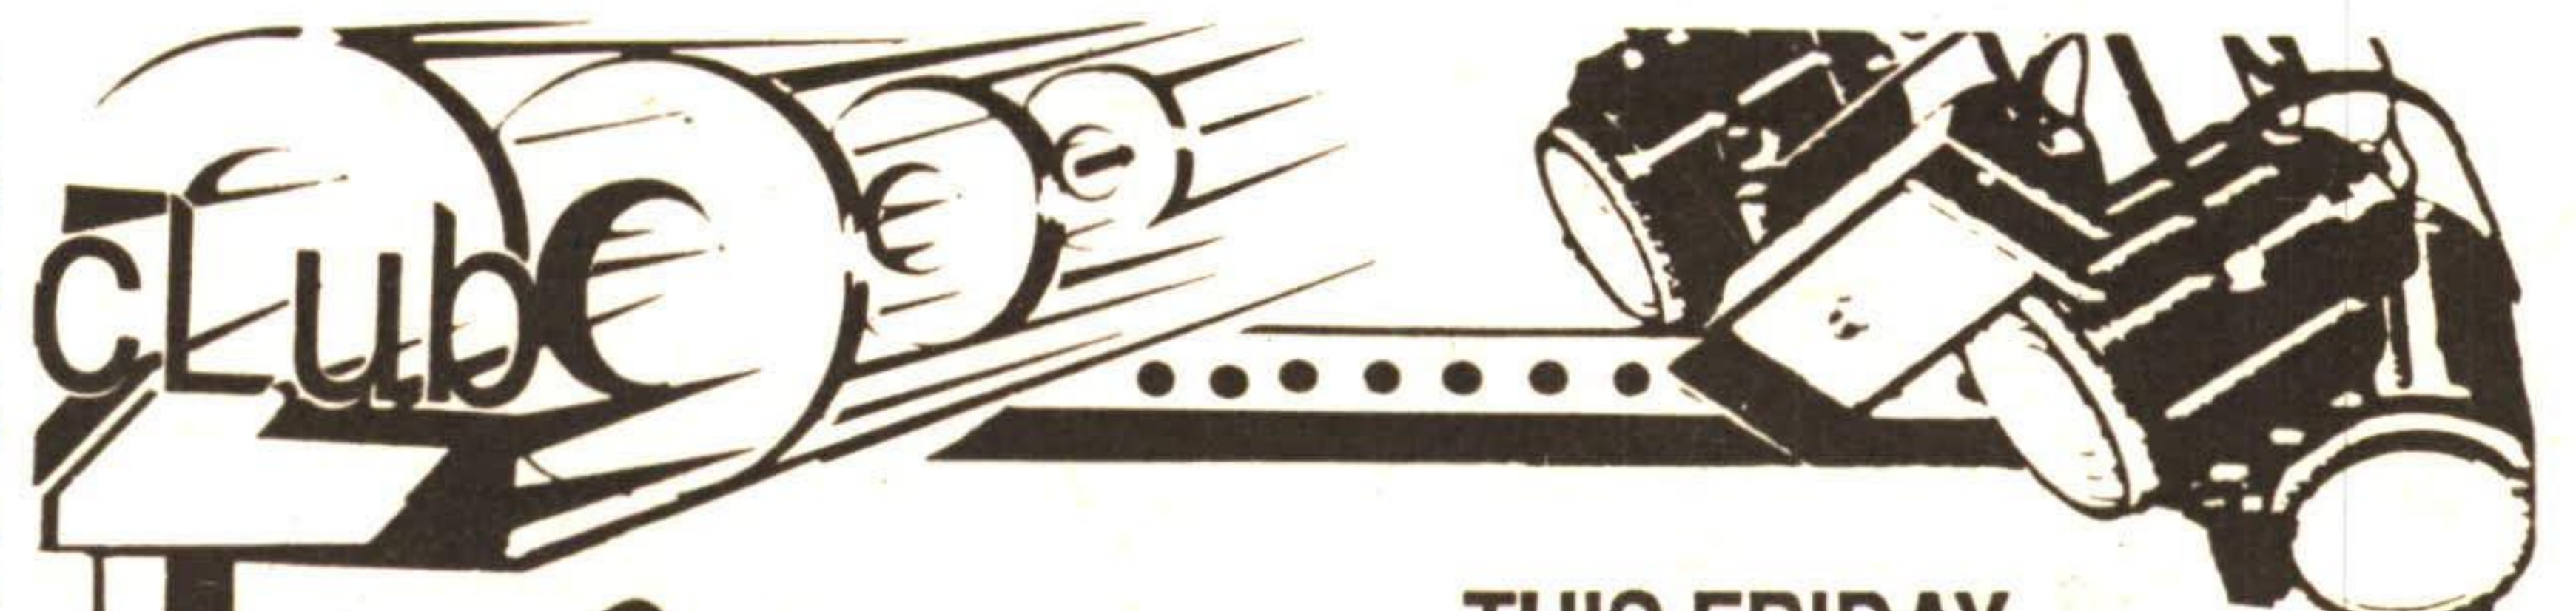

The Cedarvale Cottage has been a hub of activity as members of the Credit Valley Artisans prepare for their annual Christmas sale on November 17. The potter's wheels have been spinning, the weaver's shuttle has been thrown and glass has been ground to create some of the most unique handmade gifts for you to give during this holiday season. The sale will feature pottery, weaving, stained glass, watercolors, oil paintings and Christmas crafts.

A raffle draw is being held in conjunction with the Christmas sale. First prize is a watercolor portrait by Elsie Norgrove of the Palette and Pencil Club. Other prizes include a handwoven afghan woven by the Heritage Handweavers, a stained glass hanging by the Stained Glass Crafters and a piece of glazed pottery by the Potters and Sculptors Guild.

The raffle prizes represent the

four guilds which comprise the Credit Valley Artisans. The winning raffle tickets will be drawn at 4 p.m. by Mayor Russ Miller. Raffle tickets are available from members or at the Christmas sale.

Christmas sale hours are 10 a.m. to 4 p.m. on November 17 at Cedarvale Cottage, Cedarvale Park, Maple at Main St. For further information contact Mary Rowan, president at 877-7992.

LOWER DENTURES

If you are a denture wearer, you will experience some kind of discomfort during the life of your dentures. Lower dentures usually cause more trouble than uppers. Because bottom dentures have little suction to hold them in place, they are more likely to move around, therefore causing various forms of discomfort. Also, poor ridges cause dentures to move easily, because the denture has little to hold on to for stability. The tongue constantly moving as you talk and chew also interferes with the lower denture. Because of all these factors that effect the function of the lower denture, most people do have trouble at some point. In fact many people don't wear their lowers. They divorce them from their upper denture mates by tossing them in the most unlikely places! Some seek refuge in bottom drawers, bottom of the bed, under the bed, amongst lipsticks and combs in ladies handbags, lunch pails, back pockets, and if they get lucky, they are left forever soaking in a denture bath or cup of water!

SOLUTIONS

There are different techniques that can be used to improve the fit of the lower denture, such as a soft-liner insert. This is a permanent liner that will stay soft and give added comfort and stability. For more information, contact your local denture therapist.
