

## Sorority honors Kay Quinn

This month's Beta Sigma Phi newsletter is dedicated to Kay Quinn, who passed away at home Oct. 20.

Kay was a sorority member for 12 years, holding the position of vice-president as well as chairing numerous committees in that time.

She was a creative and outgoing member and her courage and strength were admired by all of us who had the privilege of knowing her. She will be greatly missed.

Kay is survived by her husband, Brian, and sons Jason and Geoffrey.

A memorial ritual was held for Kay at the home of Xi Delta Beta president Loison Helmer Nov. 5.

May the Lord watch between me and thee

While we are absent one from the other.

## Teachers honored

On Wednesday (Nov. 14) the Halton Board of Education recognized employees who have contributed 25 and 30 years of service to students in Halton.

"This evening is an important recognition of the tremendous amount of service these staff members have given to our young people in Halton," Chair Pat Hillhouse said.

Several people from schools in north Halton received 25 year pins. These are: Keith Black from Acton District High School; Rick Coe from Stewarttown School; Ken Ellis from ADHS; Grace Harrison from George Kennedy School; Max Jackson from Harrison School; Bob Kee from Georgetown District High School; Ian McGillivray from ADHS; Joan Silk from GDHS, and Betsie Wynen from Brookville School.

In addition Doug Magwood and Gwen Robertson, both from Glen Williams School, were recognized for 30 years of service.

Ambulance officers from Georgetown prepare to transport the driver of this Mazda who suffered minor injuries after the vehicle went out of control and struck a hydro pole in front of Stewarttown Public School last Monday afternoon.

### Salt of the earth

Halton drivers better prepare their vehicles for a winter assault.

In order to battle wintry roads, Halton Region and its municipalities have stockpiled 26,500 tonnes of salt worth almost \$900,000.

### Business recycling

The city of Burlington wants Halton Region, during its current budget deliberations, to consider expanding its highly successful residential Blue Box recycling program into the industrial and commercial sectors.
