NOW IS THE TIME

to look for the home of your dreams. Perhaps 4 bedrooms, a fireplace or bigger garage? Take advantage of the soft market to move up. The difference between the house you want and your present home is also reduced by approximately 25%. So now is the time.

EXAMPLE: To make this move up last year would have cost you approximately \$50,000. This year in the soft market the same move up could be yours for a cost of \$37,500. So now is a good time to move up.

Don't Delay call me to discuss the advantages of this market.

Afraid of your job stability?? We can offer you a mortgage that will protect you against job loss payments.
