BUSCH GARDENS

TAMPA BAY, FLORIDA

By JEANETTE COX
 The travel page continues to tour Busch Gardens taking you to four more areas which capture the spirit of Africa.

Busch Gardens ranks among the top zoos in the country with more than 3,300 animals and is the most popular attraction of Florida's west coast.

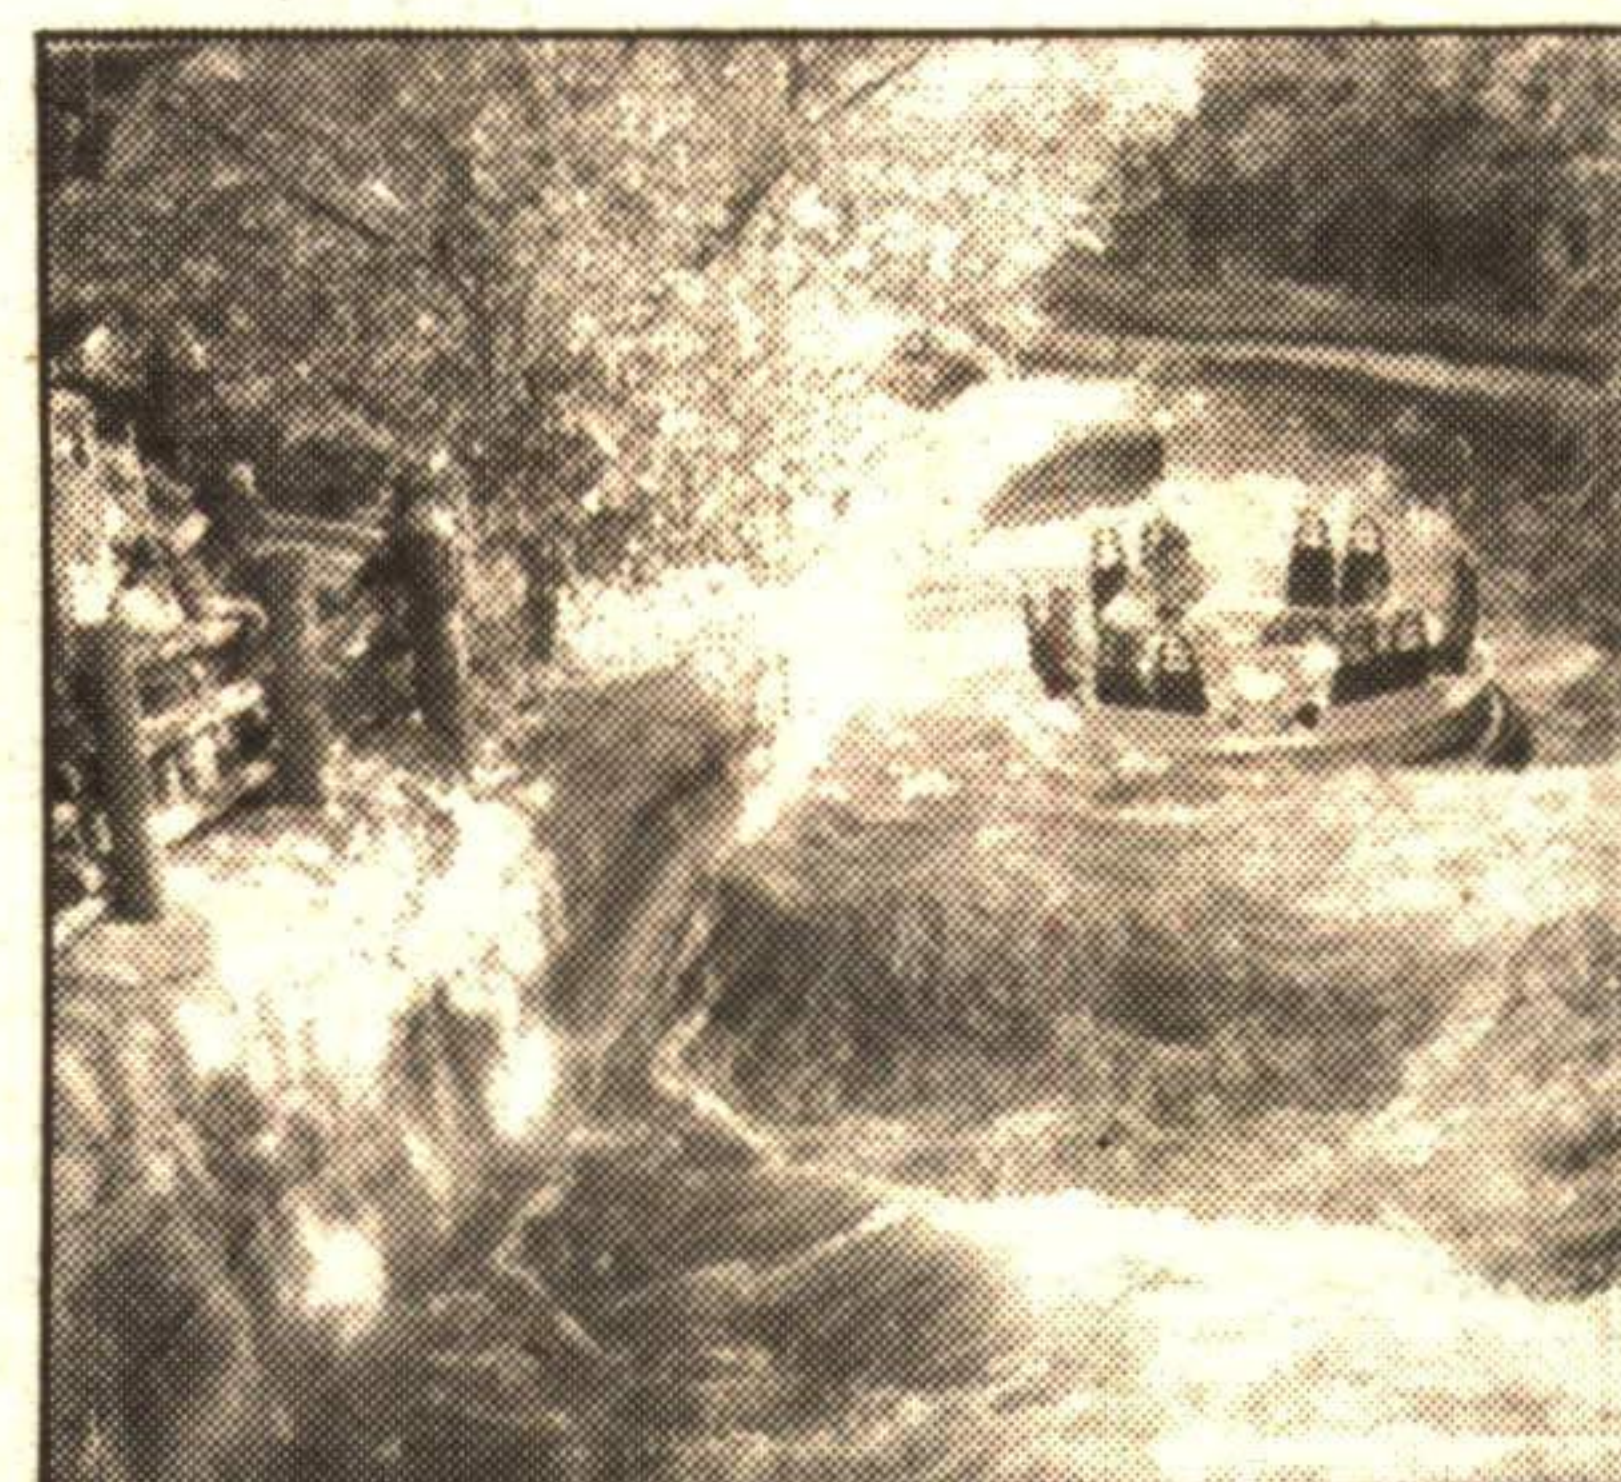

Nairobi, home to many baby birds, fragile gazelle and other infant animals which capture the hearts of guests and nursery attendants alike in the Nairobi Field Station animal nursery. With the theming of a yesteryear African hospital, but with the modern day medical equipment many of these animals needs, this unique nursery offers tender loving care in a recently expanded setting which features maximum viewing space. Nairobi also offers the Nairobi Train Station, a petting zoo and reptile displays.

Timbuktu, an ancient desert trading center brimming with excitement featuring thrill rides; electronic games arcade; African craftsmen at work and a shopping bazaar.

Morocco, where elaborate tile work and architecture create an exotic, walled city, features restaurants, shopping and a wide variety of entertainment including authentic Moroccan craft demonstrations, snake charmers and the Mystic Sheiks of Morocco marching band.

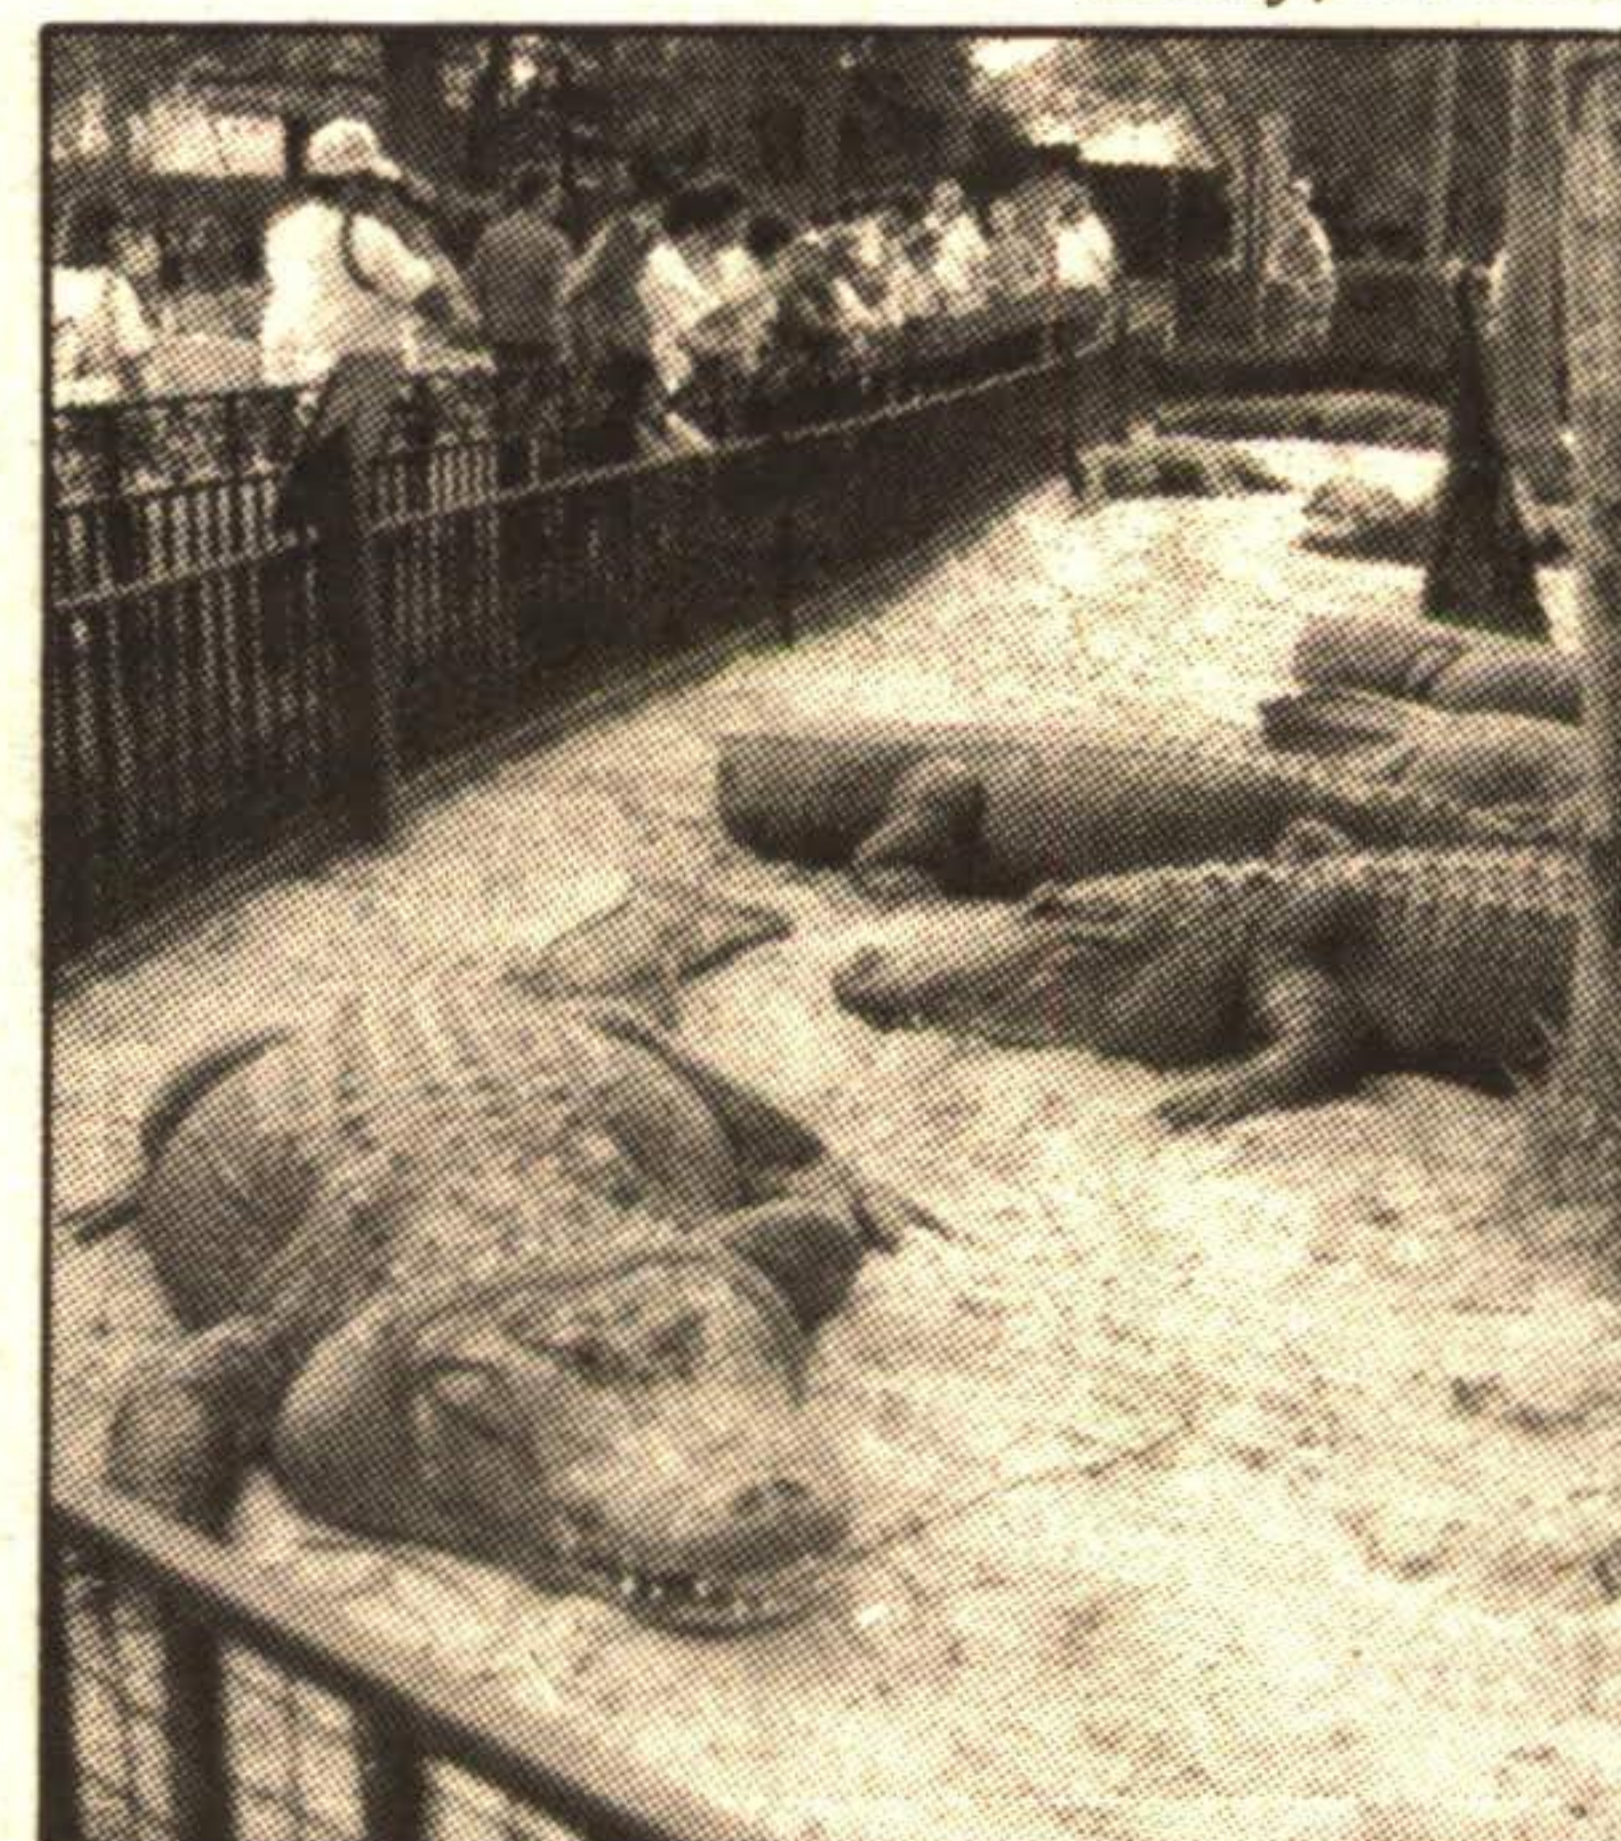

The Congo, filled with thrills, action and adventure, offers the "Congo River Rapids," a feisty white water raft ride; the "Python," a 1,200-foot roller coaster with a 360-degree double spiral.

Include Busch Gardens in your next visit to Florida it is only a little over an hour's drive from Orlando and half an hour east of downtown Tampa.

The Congo River Rapids™
 Thrilling White Water raft trip.
