044 Skilled Help**SUPERVISOR PRODUCTION LINE**

A Milton based manufacturing company requires a production line supervisor for the day shift, in a union environment.

The position entails the set-up of custom production equipment, the assignment of prescheduled orders to an employee group, with due regard for safe and efficient work practices, the assurance of quality and on-spec production, along with the ability to work with fellow employees as a working supervisor.

The candidate will possess good interpersonal and communicative skills, working from established specification details, relaying such information to the production floor. The candidate will have a strong knowledge of mechanical equipment, including a basic understanding of hydraulic and compressed air systems, and be able to relate corporate policies on safe and efficient work habits to the employees.

This is a salaried position reportable to the Production Supervisor, and is based on a standard 5 day week, with each day averaging approximately 9 hours.

We are offering a competitive wage and benefit package to the successful candidate joining our team. Please reply in your own handwriting to:
