

Marg Vint of the BIA presents the winners of the BIA's Easter Coloring Contest with a bag of goodies worth \$30. From left, Juliane Konyadyk, 4, Jena Gatto, 8, and Jennifer Shields, 10. The Easter Bunny is a.k.a. Ann Curry of Up, Up and Away.

Hey men! Are you fit for the summer? Get motivated Tues.

Will you be fit or fat this summer? Are you fit enough to survive 18 holes or nine innings? Find out at a free men's seminar.

Work That Body invites their male members and their guests to join Ian Crichton on April 9 at 7 p.m.

Ian will be offering a Motivational Chat on the Importance of Fitness. He will give you some important facts and will be available to answer your specific questions on fitness.

Would you like to know some specific exercises

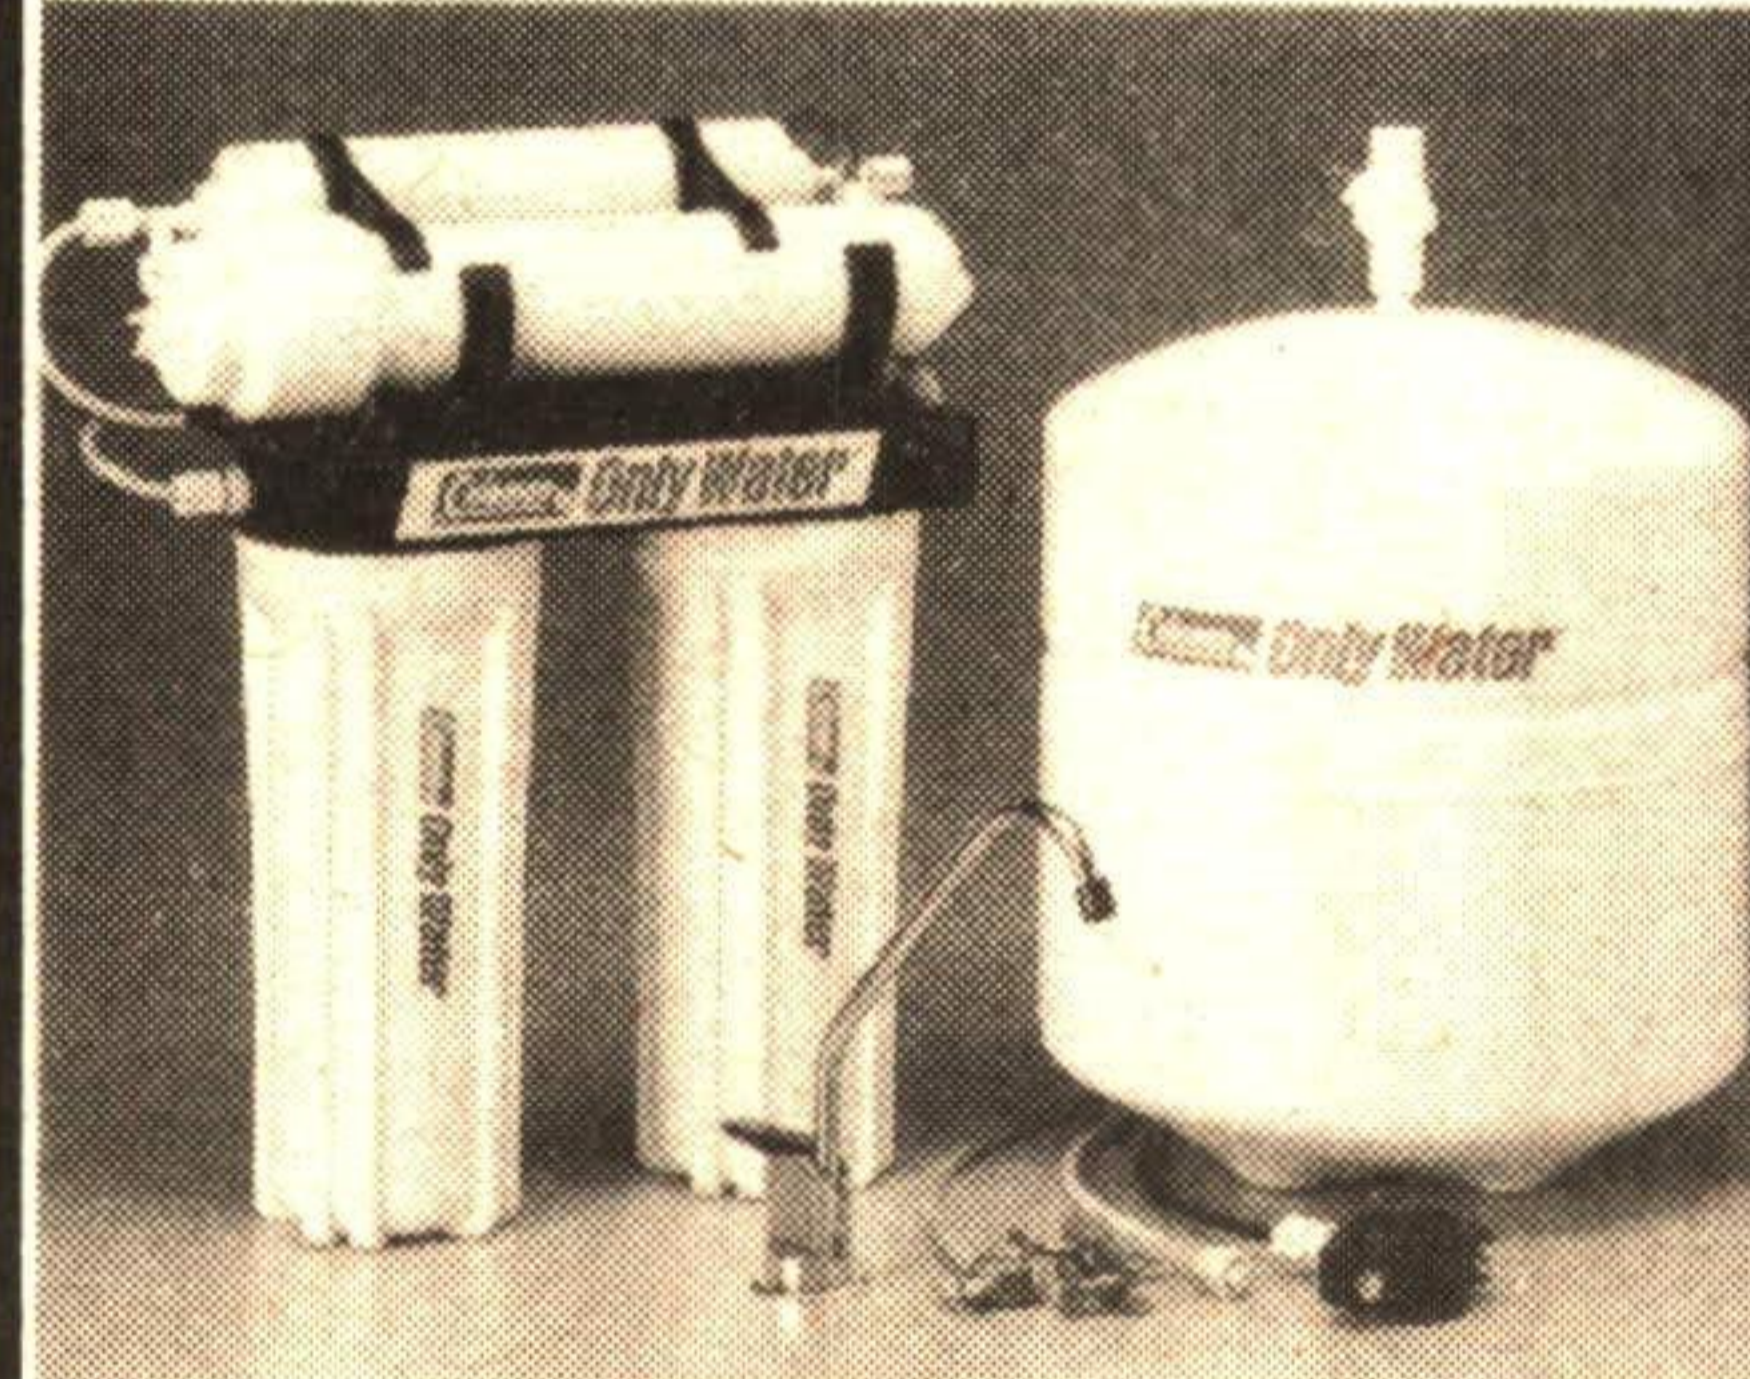

to get into shape for your summer sports? Would you like to know some tips on fitting exercise into your daily schedule and making it a more permanent part of your lifestyle?

If you do, then this seminar is for you. Work That Body would like to encourage you to bring along a friend. Do you have fellow team players or friends who might find this workshop informative, then bring them along.

If you plan to attend, please phone Work That Body at 877-0771 no later than April 8.

Reverse Osmosis

Our most effective system for reducing some inorganic compounds, and unwanted tastes and odors.

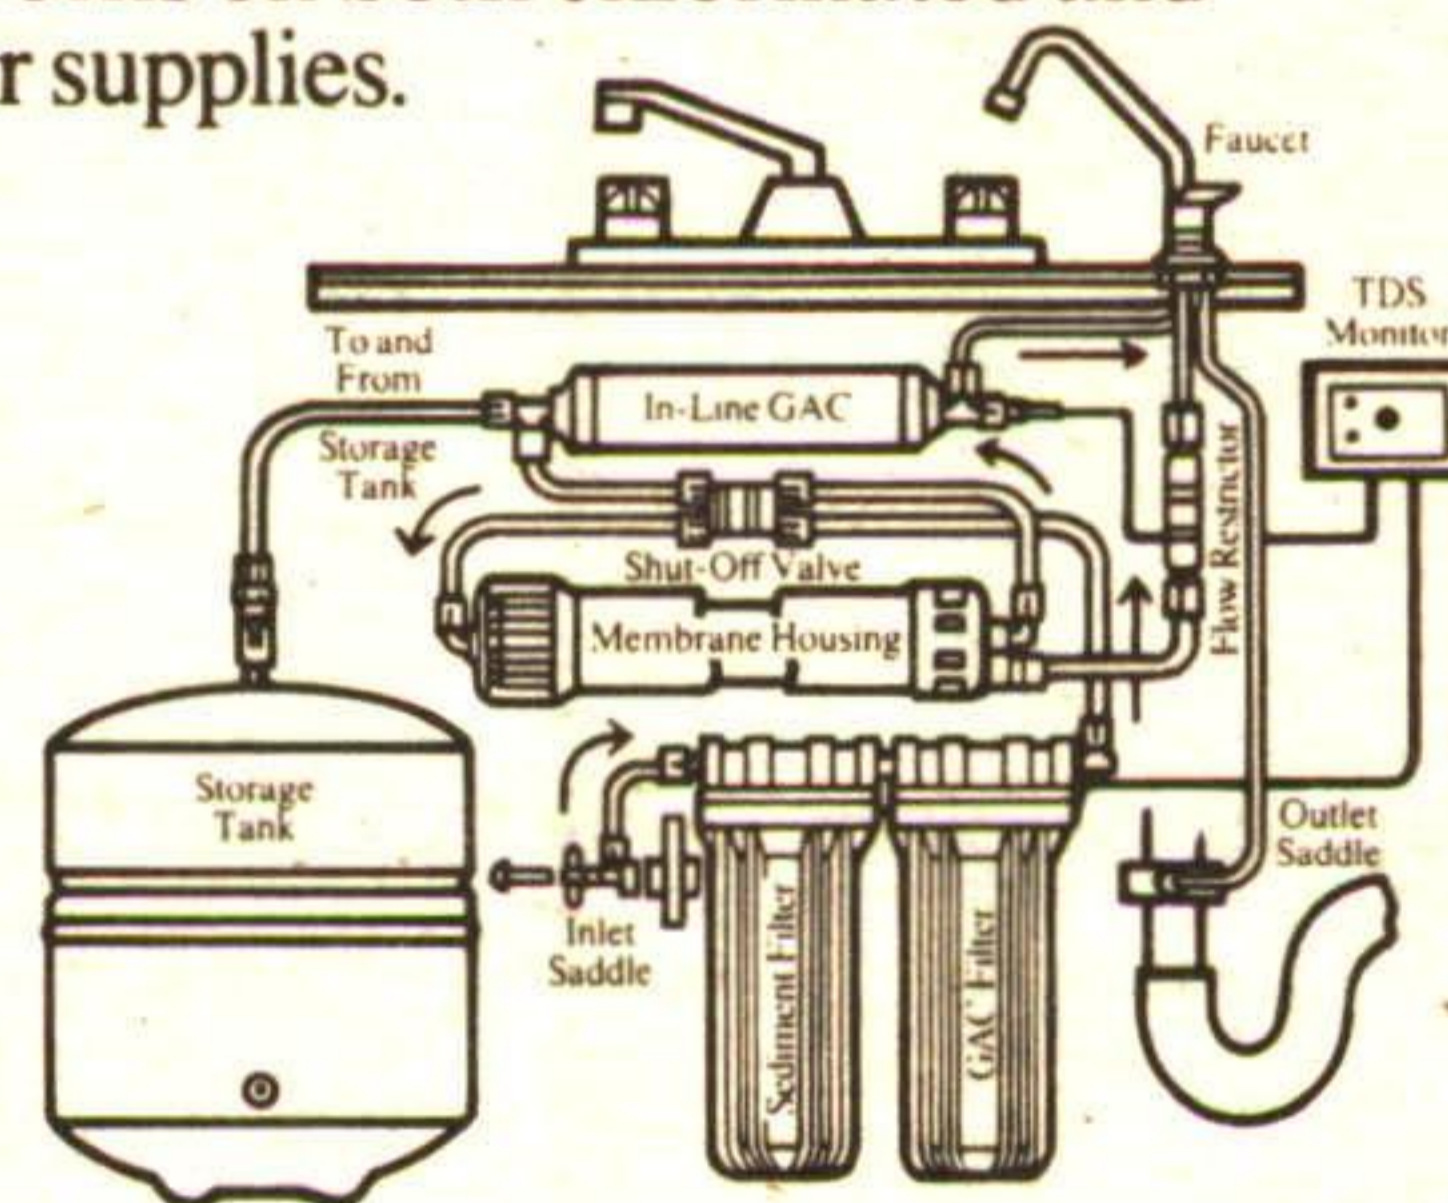

With *Only Water* System 500, water flows through sediment and carbon pre-filters, then is forced through an advanced thin film composite reverse osmosis membrane where contaminants are washed away. The water then flows through a post carbon filter, leaving cleaner, clearer water.

What makes the *Only Water* System 500 different from other reverse osmosis systems is its many standard features. Important features such as a high performance thin film composite membrane. An in-line carbon "polishing" filter. An anti-siphoning safety faucet. An automatic shut-off to conserve water. And a large 2.7 gallon storage tank.

The system also includes a TDS (Total Dissolved Solids) monitor to ensure the system is operating effectively.

And unlike some reverse osmosis systems, *Only Water* System 500 works on both chlorinated and nonchlorinated water supplies.

The System 500 is simple to install yourself and plumbs easily into the cold water line beneath the sink through the use of a self-piercing saddle valve, so there are no pipes to cut.
