044 Skilled Help

Canplas Industries Ltd., a leading manufacturer of quality plastic fittings for the construction industry, is looking for a dynamic individual to fill each of the following positions:

RESEARCH & DEVELOPMENT PROJECT ENGINEER/TECHNICIAN

The successful applicant must have a minimum: - five years experience in Special Purpose Machine & Automation System Design - five years experience in identifying and resolving problems in a production environment - two years experience in Injection Mold design, drafting and machine shop experience

The incumbent must have a willingness to be involved in "hands on" projects and be able to plan, monitor and drive a project from concept to the finished production design. This would involve such duties as locating a source for components, working with outside machine shops, hand building and testing of prototypes, and steering design through the CSA/UL type inspection process.

MOLD DESIGNER

An experienced Mold Designer is required and the successful candidate must possess:

- minimum five years experience in the design of high production plastic injection molds - CAD design experience - good interpersonal skills and be an enthusiastic self starter

The person selected will be a vital member of a team, working under limited supervision, where emphasis is on support to an in-house Mold Shop and production departments.

Excellent salary and benefits are provided. If you possess the above qualifications and thrive in a fast-paced, challenging environment, submit your detailed resume in confidence to:

Janet S. Rosine, Personnel Administrator CANPLAS INDUSTRIES LTD. BOX 1800 Barrie, Ontario L4M 4V3

REWIND INSPECTOR

Due to our continued growth, we have an opportunity for a responsible person to work in our smokeless environment on our afternoon shift, as a rewind inspector.

Please ask for Sal 877-1622 BERNIA OF CANADA INC. 305 Armstrong Ave. Unit 8 Georgetown, Ont. L7G 4Y6
