

# Study overseas

Would you like to travel to a distant land, taste different foods and meet new people? Well, get ready because AFS Interculture Canada can make it happen for you! One goal of AFS Interculture Canada is to give young, flexible and adventurous students, aged 15 to 18 years old, the opportunity they deserve to explore a whole new world abroad. It is a unique experience in education and travel, not to mention tons of fun! And if you are interested in learning a new language, there is no better way than an AFS Interculture Canada Program.

AFS Interculture Canada is not-for-profit organization that promotes cross-cultural learning through worldwide exchange programs. AFS Interculture Canada operates these exchanges in over 30 countries. It has become, over the years, the best and the largest volunteer-based international exchange organization in the country.

The Year Program will send you to a country abroad for 10 to 12 months. You will stay with a host family and attend high school, often with your new "brother" and "sister". While living with your host family, you will see the country in a completely new light. Unlike visiting

as a tourist, being an exchange student will enable you to really come part of the community and country.

The possibilities are endless. As an AFS exchange student you might enter a Japanese Buddhist temple, ski the Swiss Alps or venture into a Brazilian rainforest. With access to over 30 countries around the globe, chances are there is an AFS Interculture Canada program to fit your taste. From shopping in Bangkok, to exploring Australia's outback, to taking a journey in the Orient or eating your favourite pasta in Italy, you can be sure it is an unforgettable experience!

AFS Interculture Canada

brings students together with host families around the world in a way that encourages the sharing of ideas, attitudes, cultural heritage, languages and ways of life - a personal involvement that can help us understand one another better. Because the truth is, when people think of countries in terms of other people, instead of just politics, both our differences and similarities become easier to understand. This is another step closer to world peace.

So if you're a high school student who would like to study abroad next year, please contact AFS Interculture Canada's national office, toll-free, at 1-800-361-7248.
