**HURRY!  
OFFERS END MARCH 28, 1992**

Has winter given you the cold shoulder - or worse! Wise energy use and dependable economy begin when you upgrade your existing furnace to a clean burning, high-efficiency natural gas furnace. A high-efficiency furnace could save you hundreds of dollars over your present heating system. Ask for details.

For even greater economy, and more responsible energy use,

add an energy-saving setback thermostat. You'll sleep in comfort, wake up in comfort - and reduce your heating costs even more (up to 15%). With all these savings, how can you afford to miss out! Ask about these and other bonuses available. **Don't get left out in the cold. Talk to a Union Gas Sales Pro about how much you can save with a high-efficiency natural gas furnace.**
