CVCA plan is offered to land owners

The Credit Valley Conservation Authority (CVCA) is offering watershed land owners of 20 acres or more (five to 10 acres in special cases) a detailed conservation plan for their properties at a real bargain!

"The plan is a detailed hard covered book written specifically for each property but does not obligate land owners to follow any recommendations," says CVCA Forester Bob Baker. We do an in depth inventory of the flora and fauna on the property, including woodlot inventory, soil sampling, past glacial activity, wildlife inventory, wetlands, watercourses ponds and problem areas land owners might want us to address."

A background on the history of the property and title search is performed to help understand how properties have been developed.

Inventory of lands is performed in the spring and summer with books delivered before Christmas. Only few plans can be carried out each year and prices range from \$350 to \$500 depending on acreage.

For more information call Bob Baker at the CVCA, 1-800-668-5557.
