

# New way to register for programs

By now you should have received a copy of our department's Spring and Summer Brochure featuring many opportunities for Active Living.

In an effort to provide greater customer convenience, we have combined the Community Program and Aquatic registration process to achieve a higher standard of service. The new system will enable us to effectively process the increased number of registrations we are receiving in a much quicker manner, as we have:

- \* eliminated the lengthy Aquatic Registration line-up - registrations will no longer be taken at Aquatic facilities;
- \* made available two 24-hour drop off locations;
- \* included registration codes in the brochure, which will immediately identify your program.

As of today we are accepting registrations however, we will not be processing them until Monday, March 16, for Spring and Summer Community Programs and Spring Aquatic Programs. - Summer
