

TED BROWN/Halton Hills Weekend

### Fashion statement

All those new fashions for spring were on the runway recently as the Verdun Rebekas hosted a fashion show, featuring styles from Elizabeth's Fashions at Georgetown High School. Above, Heather Burke (left) and Pauline Harley model contrasting dresses, while (below left) Allyson Tracey models a smart spring dress. Below right, Mona Milne wears a loose fitting casual dress. The fashion show was organized to raise funds for the United Nations Tour, in which the Rebekas send a student to New York to visit the United Nations.

## Bannockburn W.I. talk agriculture with special guest

By EDITH MEDLAND  
Bannockburn W.I.

The Bannockburn Women's Institute held their March meeting at the home of Reina Morrison.

President Ima Peterson opened the meeting with a poem entitled "When March Marches In." March weather is usually a blustery month but April is not far away with its lovely flowers!

The business section of the meeting included arrangements for members to attend the district director's meeting at Doris Lindsay's and the district annual at Campbellville. Arrangements were made for the ladies to meet at Belamy's Restaurant at 6:30 p.m. on April 14 for the 74th annual dinner.

Eight members and one guest listened to a very informative talk on agriculture in this country and also Russia by friend and neighbour Mr. Anthony. Agriculture is second to the space industry. Our land now produces three times what it used to produce per acre and double our milk production due to all the new scientific information and equipment and feed that is available to farmers today. Agriculture will be a source of energy producing ethanol from grain in the near future as the population expects to double by 2020.

Mr. Anthony was thanked by the ladies and a delicious dessert was served.

Edith Medland would like to take this opportunity to thank all the ladies of the Women's Institute for their cards, phone calls and kind words during the recent loss of my husband Horace. They have all been very helpful.

## No video

The proposed video production of Halton Hills will not be proceeding this year.

In a telephone interview recently, Andy King of Lasercraft told this newspaper he and partner Trevor Morecroft had decided to not proceed with the idea this year.

"We found there weren't enough sponsors available to carry the project," said King. "In this economic situation, local businesses are unable to support it. As a result, we have decided to shelve the idea, and perhaps give it a try next year."

King and Morecroft had hoped to produce an hour long video and distribute it free of charge to all residences in Halton Hills. The production was to be financed by selling a number of 30 second advertising spots in the video.

"I don't care if it is Sunday, I'm going to call a plumber!"

## BE AN ADVISER TO THE MINISTER OF HEALTH VOLUNTEER WITH THE HALTON DISTRICT HEALTH COUNCIL

An opportunity exists for membership on the Halton District Health Council. Council is an advisory body to the Ministry of Health regarding health care needs and services for the Halton Region.

As a member of Council, you will face the challenges of reviewing complex decisions on health care spending within the framework of community values. As a volunteer, you will bring skills in participatory decision-making, an enthusiasm for planning a healthy community and be able to devote approximately 12 hours a month to the position. Appointments are made by Cabinets for a maximum of two three-year terms. The current vacancy is for a "consumer member" (someone who does not derive their income from providing health services) who lives in the Municipality of Halton Hills.

Council meets on the second Wednesday of each month at 7:30 p.m. at its offices at Dorval and the Q.E.W. If you would like to discuss this volunteer opportunity, please contact Marlene Longdon, Executive Director. Application forms are available, on request, from our offices as indicated below and your response should be forwarded to us by April 15, 1992.

Halton District Health Council  
700 Dorval Drive, Suite 510
