

HOMES NEEDED FOR STUDENTS FROM SPAIN

For the 4th year, Oakville will host a contingency of students from Spain. Each year, the program - sponsored by the Language Workshop, Toronto - grows in popularity and larger numbers of students wish to partake.

Several of last year's students will be returning to the families they stayed with in 1991. Nevertheless, new host families are required every year. What a better way to introduce your children to a culture and language than to host a student.

The students, aged 13-17, will be arriving July 1 for 4 weeks. During the day, they will be attending classes at Appleby College. Evenings and weekends are free to spend with their host families. Monday excursions will take the teens to local attractions including Canada's Wonderland, Niagara Falls, etc.

Families that participate must live in Oakville in order that Appleby College be accessible by public transit and those with teens in the home are particularly encouraged to join.

If you would like more information about the summer program for students from Spain, please call Debbie McDermott, Oakville Coordinator, at 845-9407.
