THANKS GEORGETOWN!

UNITED FIRE SAFETY CO. LTD. is proud to introduce our NEW 3/4" GARDEN HOSE NOZZLE. Taken from our patented fire nozzle design which is shipped throughout the world, this TOUGH nozzle with a LIFETIME GUARANTEE is probably the best garden and multipurpose nozzle you will ever buy. It is ideal for washdown (autos, driveways, implements) and yet has a gentle, fine mist for lawns, plants and general wetting purposes. After much testing and with the help and encouragement of many people, the nozzle you asked for is here!

**AVAILABLE IN GEORGETOWN AT:
