

Everyone agrees where garbage should not go.

Agreeing on where garbage should go is much more difficult.

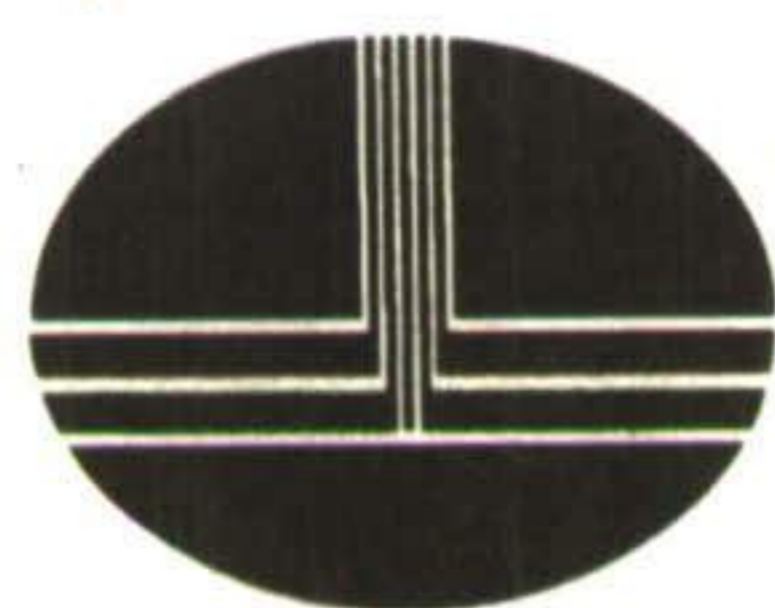

The Greater Toronto Area needs three new landfill sites. And soon, a long list of possible locations will be announced by the Interim Waste Authority (IWA).

The IWA is looking for one site in each of the Regional Municipalities of Peel, Durham, and the combined areas of Metropolitan Toronto and the Regional Municipality of York.

Over the past few months, the IWA has worked with the public to determine the criteria that will be used to select the long list of candidate sites. However, while this list is an important step, it is not the final one. In about three months time, the list will be shortened to a few potential sites and next year, one preferred site in each area will be selected.

Many more difficult decisions need to be made to shorten the long list and make the final selection. The public has an important role in helping to make those hard choices.

Your input is important to the site selection process. For more information on how you can get involved, call the Public Information Office in your area.

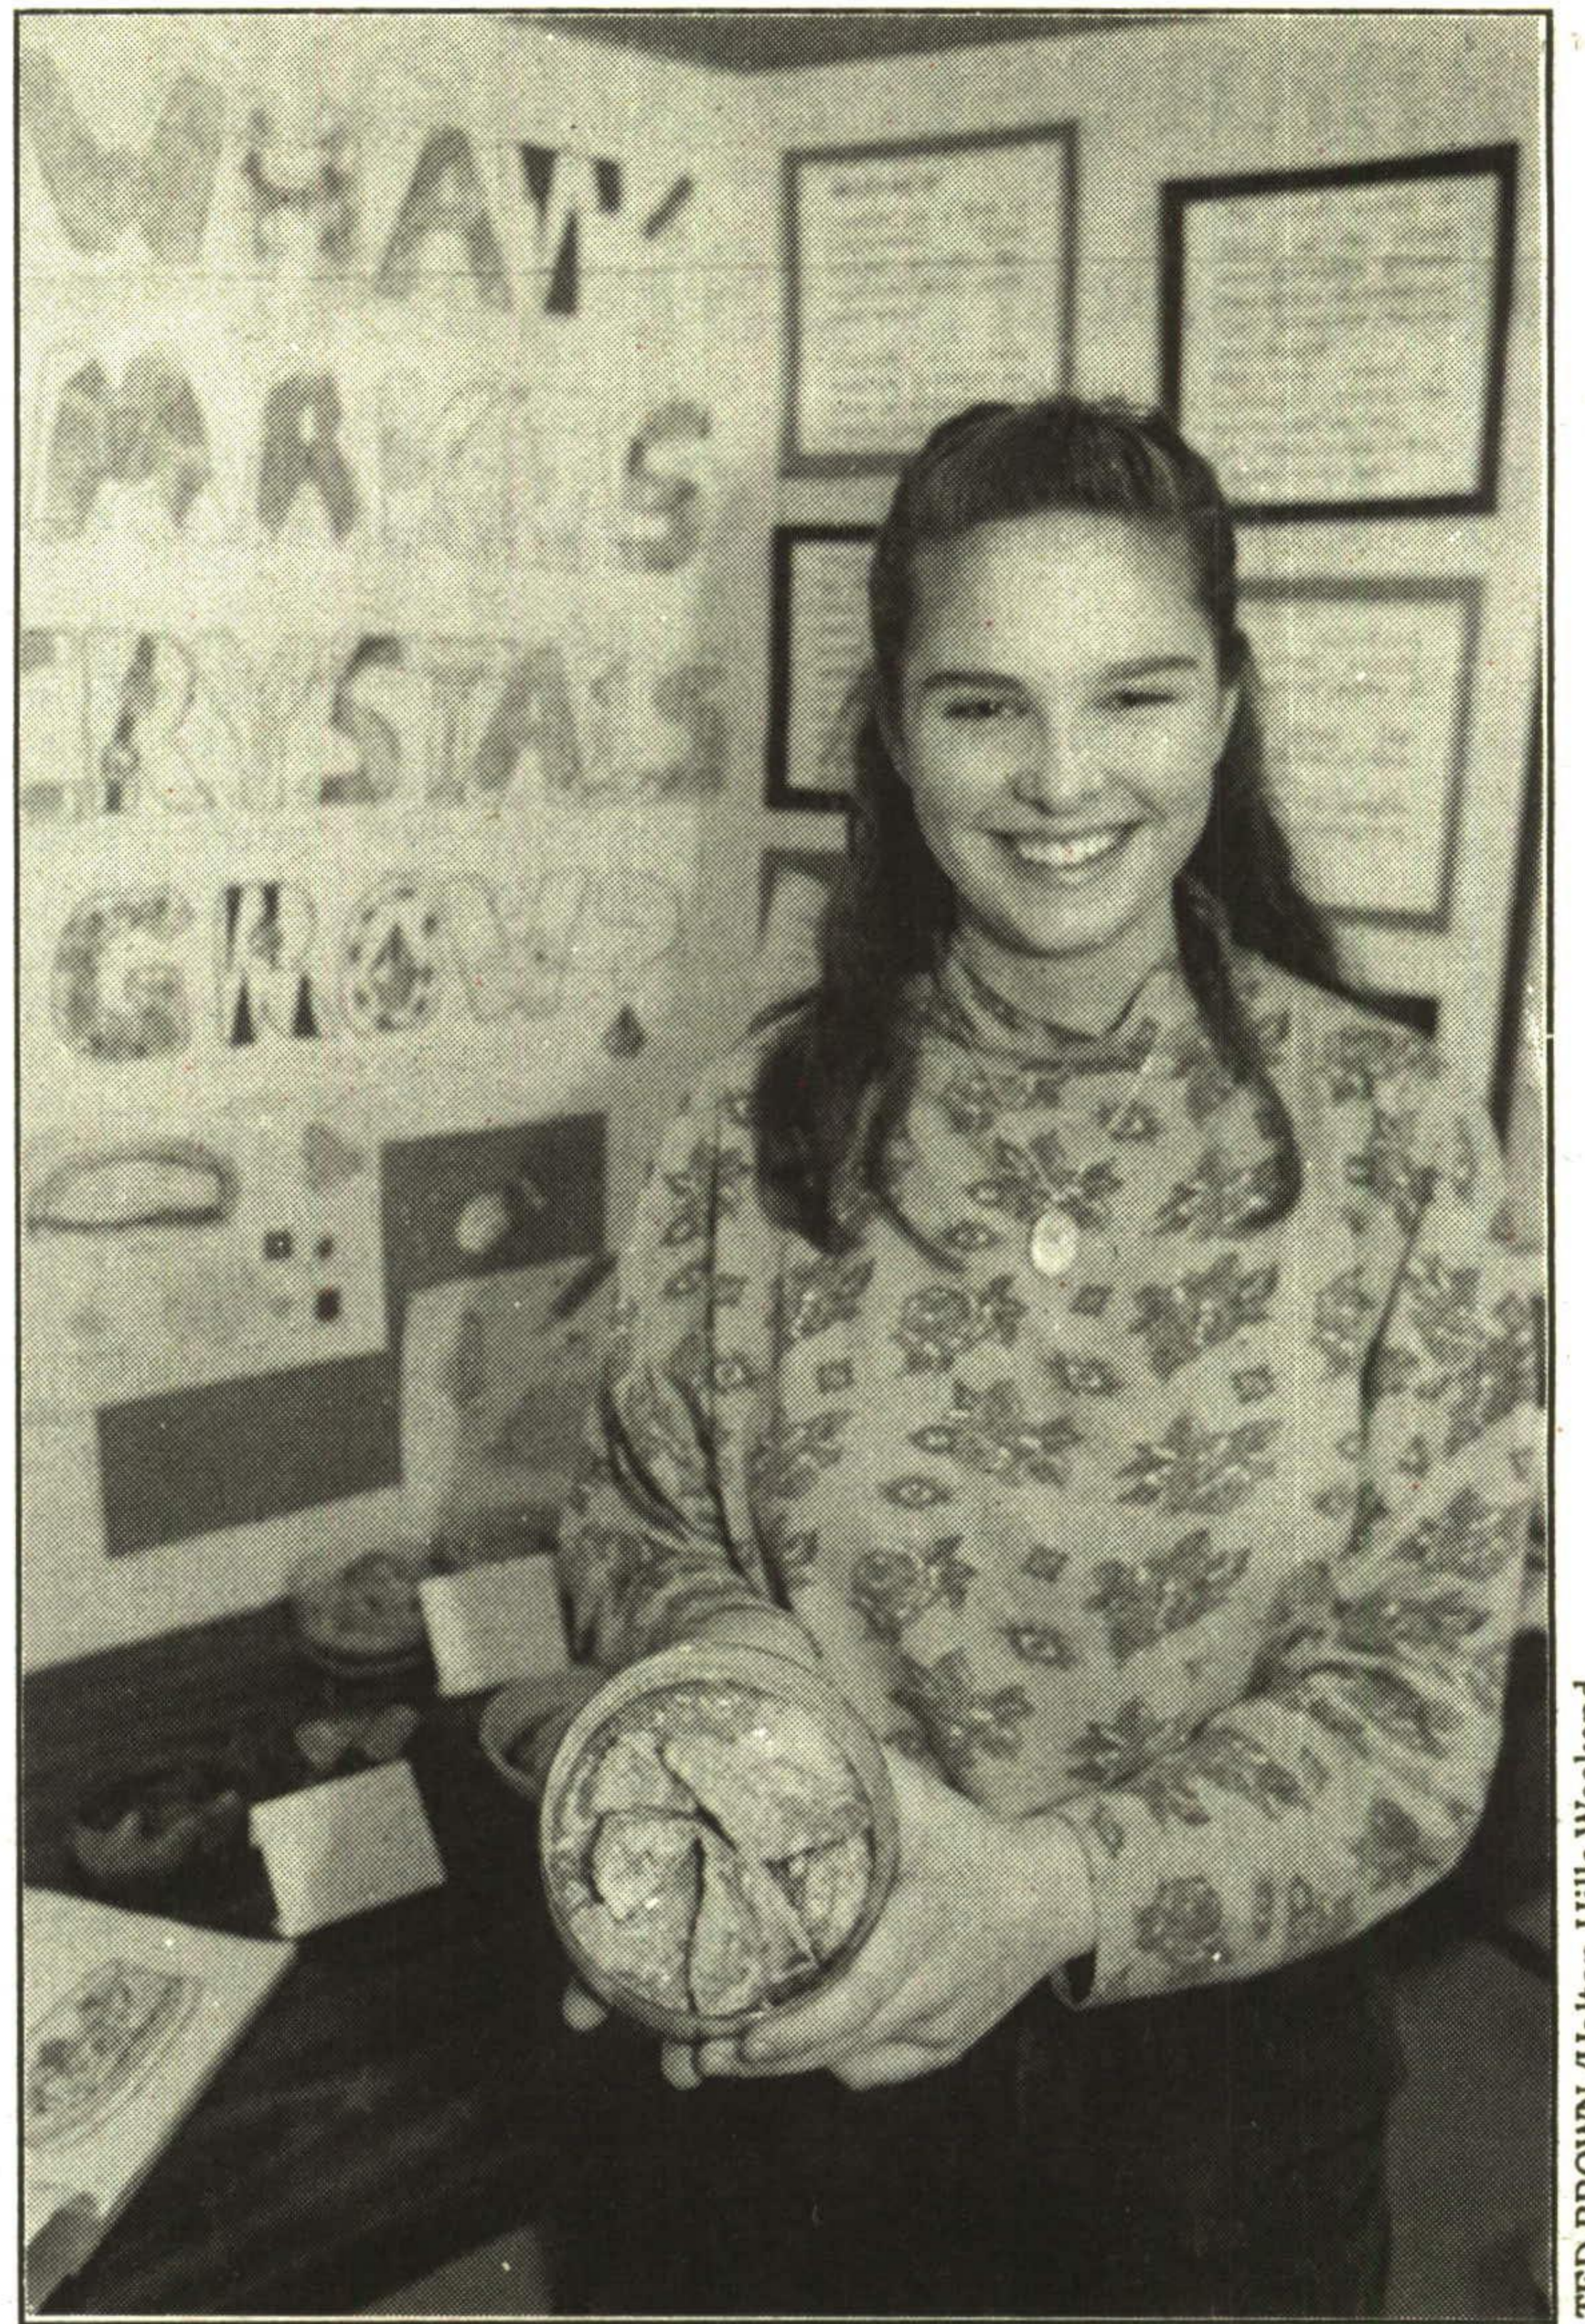

Interim Waste Authority Limited

Sunday, May 31, 1992 -
1:00 p.m. - 4:00 p.m.

An excellent selection of Laura's artwork
will be available including her new release

The Shaded Gate

Gypsy Moth Public Information Session

The Region of Halton and the Halton Region Conservation Authority are conducting a public information session about Gypsy Moths. The Gypsy Moth caterpillar feeds on the foliage of most trees and can be a serious pest to deciduous species. In Halton, Gypsy Moth infestations have occurred mainly in wood lots south of Highway 5.

The Ontario Ministry of Natural Resources has cancelled the 1992 Gypsy Moth Aerial Spraying Program. The purpose of this information centre is to provide land owners in Halton with information on individual control methods for Gypsy Moth infestations. A presentation will begin at 7:15 p.m. and staff will be in attendance to answer questions.

When: Thursday, June 4, 1992

Where: Halton Regional Centre
Auditorium, North Entrance
1151 Bronte Road, Oakville
(Bronte Road/Hwy. 25 north of Q.E.W.)

Time: 7:00 p.m. to 9:00 p.m.

For further information please
contact Ms. Kathy Kiehl at 825-6161.
