

Searching for a home

The Acton Veterinary Clinic has several friendly cats and three kittens which need homes. A mother and five brown tabby kittens are at the clinic. Homes have already been found for two of the kittens, but the mother, a 14 month old cat and three of her kittens still need homes. The kittens are young, and won't be ready to be sent out for another three weeks.

Cassie, a gray persian two year old spayed female cat, had to be given up by her owners because their baby is allergic to the cat. Jessy, a nine month spayed brown female tabby also needs a home. She was hit by a car, and surgery has been done on her knee, and now she is healed and looking for a home.

Alex is a three year old neutered gray tabby who also needs a home. If you would like more information about adopting any of these animals, please contact the Acton Veterinary Clinic at 853-1450.

A stitch in time...

Erin District High School students Emily Oliver (left) and Heather Henderson were among the many who helped stitch together the huge Earth Day flag last Tuesday (May 26) at Erin High School. The flag is constructed of several flag panels by more than 400,000 Canadians, from more than 300 communities, coast to coast. Sponsored by Canadian Tire, the panels were signed at 420 stores across Canada. Canadiana Textiles of Mississauga, who has a sewing plant in Erin, volunteered to stitch the gigantic 60 by 72 foot flag together, with the help of EDHS students, because it was too big to be done in their regular facility. The completed flag is to be presented to the people of Canada in Ottawa, June 1, and will be taken to Rio de Janeiro to be presented to the United Nations Conference on Environment and Development, June 3. Below, workers put the finishing touches on the flag.
