**SCHOOLS**

for the 21st Century

Our world is changing rapidly and our schools need to change as well. Together we have to make sure that our schools are able to prepare students for the challenges of a new century.

To help in that preparation, the Halton Board of Education is hosting a special presentation by Phillip Schlechty, author of "Schools for the 21st Century".

Help our Board to define our vision of what schools need to be to face 2000 and beyond.

We want you to be a part of this exciting process!

Come to this free community event on:
