Dick MacDuffee has stepped down as president of the Halton Peel Reform Party to seek the party's nomination for candidate.

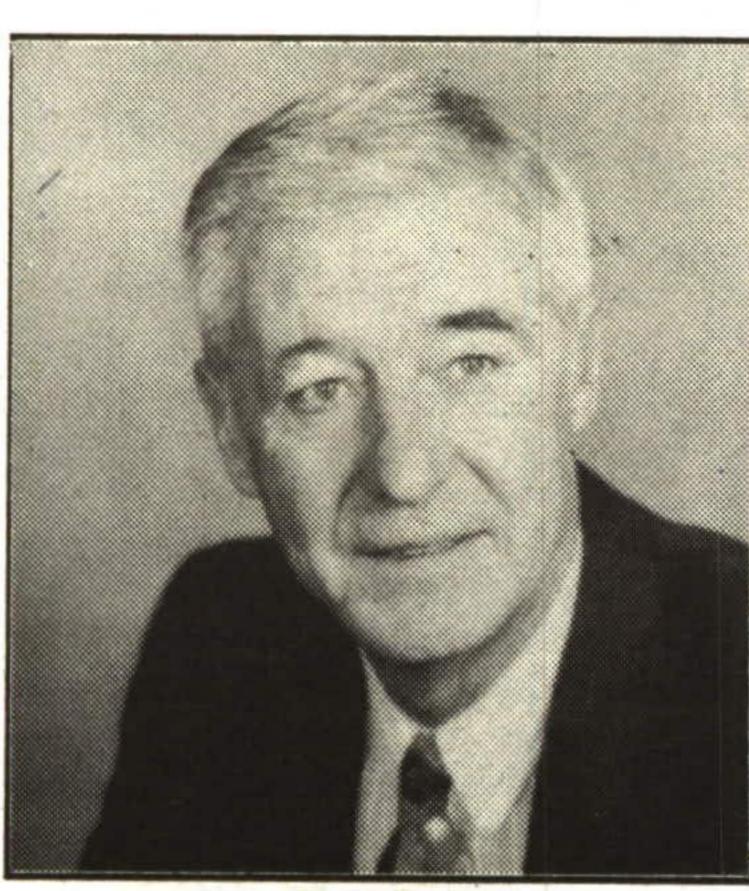

MacDuffee is president of Sun-Glo Household Products Inc., a housewares manufacturing company, which he founded in Bolton in 1979. Prior to Sun-Glo, he had held senior management positions in sales and marketing with Bristol Myers, AGF Management and IBM.

A 19-year resident of the riding in the Palgrave area, Dick is married with four children, and holds an Honors BA in Business Administration from the University of Western Ontario.

From 1976 through 1985, MacDuffee represented Caledon as a trustee on the Peel Board of Education.

He joined the Reform Party in 1990 and was instrumental in forming the riding association in May 1991. Since then, Reform Party membership in Halton Peel has grown from 30, at the initial meeting, to approximately 700.

The key principles of Reform which MacDuffee strongly supports are: stop spending money we don't

have, and burying our children in debt; put more power back into the hands of the people through more free votes in the House of Commons, referenda, citizens' initiatives and recall provisions for MPs; equal rules for all Canadian citizens - special status for none, in a constitution for a new Canada.

MacDuffee believes that the Reform Party is earnestly striving to elect a new breed of politicians who will place country before self.

SCIENCE

Science is more a matter of the mind; religion, more a matter of the heart. But both are indispensible, examining a single reality from different viewpoints. Science without religion is materialism; religion without science, superstition.
