Your Week Ahead Horoscope

- ARIES** Mar. 21-Apr. 19 It would be beneficial for you to remain secluded for a time. Great ideas are born in captivity.
- TAURUS** Apr. 20-May 20 Improve your relaxation techniques. Take time off now because you will soon be overworked and stressed out.
- GEMINI** May 21-June 20 Be sure you are clearheaded on important issues. Career move would not be advisable at this time.
- CANCER** June 21-July 22 Socializing with people who are not up to your caliber will cause your reputation to suffer. Wise up.
- LEO** July 23-Aug. 22 Budget your work schedule like you budget your money and you may find you have more time on your hands than you think.
- VIRGO** Aug. 23-Sept. 22 Display your special talents to those in the know. An opportunity to showoff your handiwork may be forthcoming.
- LIBRA** Sept. 23-Oct. 22 Your image could use a face-lift. Improve wardrobe and look twice in the mirror. A change will be good.
- SCORPIO** Oct. 23-Nov. 21 Your colleagues may expect you to stick your neck out for them. Be careful not to stick it out too far.
- SAGITTARIUS** Nov. 22-Dec. 21 A seemingly meaningless conversation may hold key to personal dilemma. Open your ears and mind.
- CAPRICORN** Dec. 22-Jan. 19 A disappointment now may be to your advantage later. Silver linings are often disguised.
- AQUARIUS** Jan. 20-Feb. 18 Improve your health by establishing better eating habits. You will be surprised at the results.
- PISCES** Feb. 19-Mar. 20 If those in high places want to help you out, allow them to do so. Not everyone has an ulterior motive.
