

The United Way is \$100 richer after students at Pineview School collected donations and held a draw for a limited edition print at parents' night at the school. Winner of the print Lauri Patten (right) accepted her prize recently from artist Rosemary Simpson, who teaches at the school, and donated the print for the draw.

Local club visits 'Grand Canyon of the East'

Hi Yah All,
Last month the B and Bs took a scenic tour to beautiful Latchworth Park N.Y., known as the Grand Canyon of the East. Nature blessed us with one of the nicest days of the year, warm, sunny and truly a treat after almost a year of inclement weather.

Coffee break at Prudhomme's refreshed us for a further journey of about 180 miles. The countryside was a blaze of color with the fiery hues of red, orange and gold of the fall season. Prior to our stop at the Park we enjoyed a tasty lunch at the Loafen' Tree Restaurant.

Our drive through the 18 mile park was very enjoyable. The many varied types of trees were all suited up in their gorgeous colors and our "Camera Flicks" had a ball. The massive gorge which runs along the full length of the park, was all aglow, the colors reflecting in the sparkling waters and waterfalls.

We paid a visit to the museum with its many artifacts of days gone by. We read a plaque which informed us that Wm. Pryor Latchworth LLD, Humanitarian, Conversationist, was the donor of this 1000 acre estate and Glen Iris Hotel to the state, so that the gorge might forever remain a place of inspiration and beauty, and it surely is just that.

Belles and Beaus

NAN WHEELER

Then along came our regular trip to Tender Tootsies, where we always get such good buys in comfortable footwear. This year was no exception.

We enjoyed a delicious hot meal at the ever popular Palace Restaurant, then we headed for Coyle's Outlet store with its great variety of candy, nuts, preserves and fancy goods.

Add to this a visit to the Cheese House and we found Paul, our popular bus driver, having a great time packing all the many varied shapes and sizes of our purchases in the storage compartment of the bus. Early evening found us cruising along Maple Ave., and everyone proclaimed it "a great day."

Thanksgiving dinner
Thanksgiving Day our club had a potluck dinner in place of our regular meeting. By jove, if that's "potluck," I'll take it anytime - it was truly a feast. Then came our

Halloween Party. Ah - we had gorillas, pioneers, dainty ladies of yore, ghosts and goblins - one and all, in a party mood.

Seniors rally

Recently came our U.S.C.O. (United Senior Citizens of Ontario) Rally at Acton, and on the same day, nature spread our world with a glistening white gown. Around 121 members braved the storm and came from neighboring towns to attend the meeting. We were very fortunate in having as guest speaker, Jane Lestch, president of U.S.C.O. and she spoke with authority on the struggles U.S.C.O. has with the government to procure varied assistance for the seniors of Ontario.

Following her speech, we had each club present a short program. I thought Orangeville Choir took the cake. By the way, have you ever fallen flat on your face on the stage in front of over 100 persons? No? Well I can tell you, just what it feels like!

We sure raise 'em tough these days. Imagine - being Citizen of the Year, getting banged to piece with a run-in with a gravel truck, and riding in state in a 31 Ford Convertible in the Santa Claus Parade - all in a matter of a few months.

Yep! We sure raise 'em tough these days!

Donations urgently needed

The Halton Peel branch of the Canadian Airborne Forces Association is desperately seeking donations for veterans in Toronto's Sunnybrook Hospital.

Every year the group receives donations throughout the commu-

nity, but this time around it's not having any luck. They need such items as aftershave, shampoo, clean, used paperbacks, writing pads and the like. For more information, contact Mrs. Gale, 873-0676.
