Conservation focus of scout training courses

By **JEAN LAYMAN**
 Special to the Independent/Free Press

The North Halton District World Conservation Day was held at the Terra Cotta Conservation Area on November 14 with 52 Cubs from Acton, Georgetown, Glen Williams, Hornby and Limehouse attending this event for second year Cubs.

The boys will all receive the World Conservation Badge for attending this very worthwhile presentation.

Dave O'Droursky, Keith LaLonde, Bruce Renton, Megan Bartlett and biologist Bob Morris put on a fabulous program.

Hikes, study of trees, stream habitat survey, leaf factory equals food for plants, assess the stream, birds of prey and much more was enjoyed by Cubs as well as Leaders and parents in spite of the cold day of minus four Celsius and snow squalls.

A.D.C. Andrew Kayess and

Donna Thompson, Jean Layman of the Service Team organized this annual event.

Wood Badge course
 North Halton District Scouts Canada held a Part One Wood Badge Training Course last weekend, Nov. 21-22 at the Jack Smythe Outdoor Centre, Terra Cotta.

This course provides scouting methods to the participants which will assist them in program and scouting skills.

Colony participants were Marie Bennett, Acton, Mary Byrne, Mike Dearman, Drew McNaughton, all of Georgetown. Pack participants were Maurice Andersen, Rod Symmes of Yellowbriar, Robert Finnie, Acton and Hugh Tomkinson, Georgetown. Troop participants were Sherry Freeman, Acton, Charles Fournier, Al Watt, Stuart Ekert, Iris Steihl, all of Georgetown, Dennis Buttrey, Joe Oatman of Milton and David Molnar of Yellowbriar.

environmental assessment

Public Comment Now Being Accepted

Notice of Submission GO Transit has submitted its revised Class Environmental Assessment (Class EA) Document to the Minister of the Environment for approval. Conforming with the 1988 approval of GO Transit's current document, an evaluation of the current Class EA was carried out. The results of the evaluation and the pre-submission consultation undertaken are reflected in the revised document, a draft of which was made available for public review in May 1992.

GO Transit hereby notifies all interested individuals and parties that this project is proceeding through a formal, concurrent government and public review process under Ontario's Environmental Assessment Act. Comments on the Class EA document are now being accepted. Please submit, by **February 16, 1993**, any comments in writing to the Ministry of the Environment, with a copy of your comments to GO Transit:

GO Transit is the interregional public transit service for Toronto and area, operated by the Toronto Area Transit Operating Authority, a Crown agency of the Province of Ontario

PUBLIC INFORMATION CENTRE MOUNTAINVIEW ROAD

The Region of Halton has undertaken a preliminary design study for Mountainview Road (Regional Road 13) through the Silver Creek Valley Area. This study produced a recommended improvement plan.

A Public Information Centre is being held to update any interested parties on refinements to the recommended plan, the status of this environment assessment project, and to provide the opportunity for review of new information relative to archaeology, soil conditions and roadway improvement plan will be on display. The time and location of the Public Information Centre is as follows:

Tuesday, December 15, 1992
4:00 p.m. to 9:00 p.m.

in the Committee Room at the Town of Halton Hills Administration Building
1 Halton Hills Drive, Georgetown

Members of the public are invited to drop in at their convenience to review and discuss the study with representatives from the Region and their consultant. Following this Public Information Centre, the project will be finalized and the Environmental Study Report will be forwarded to the Ministry of the Environment. If you require any additional information regarding this study please contact:
