

Sign up now to study overseas

AFS Interculture Canada, the country's leading international student exchange organization, is presently recruiting next year's class of young Canadians, aged 15 to 18, who will study abroad.

"It's the educational adventure of a lifetime," says an active volunteer from the organization, "it's an opportunity not to be missed. Not only do our students develop more self-confidence through experience, but they also get a real and lasting taste of life in a completely different part of the world — a challenging education in itself."

The young people chosen to participate in this program will live with a host family and study in a local high school. Families have been carefully selected to host students and during their stay, the students benefit from the support of a volunteer counsellor.

In 1993, AFS Interculture Canada offers year, semester and summer programs in more than 30 countries around the world.

Students interested in one of these programs are urged to apply now.

AFS Interculture Canada is a not-for-profit organization whose mission is to promote intercultural learning through international exchanges.

For more information, please contact the national office, toll free, at 1-800-361-7248.

Lung Assoc. short of goal

Halton Region Lung Association has reached only \$146,174 so far in its Christmas Seal campaign. This year's goal is \$200,000.

Each Christmas Seal that appears on mail and parcels means support to the association, a community service that provides medical researchers with funding or local residents with necessary programs and healthy education.

To get your Christmas Seals call the association at 847-1033.

'93 stamp prices go up

The price of a basic letter went up one cent January 1, 1993. The price of a stamp went from 42 cents to 43 cents for standard letters mailed within Canada, an increase of 2.4 per cent.

The price of a basic letter to the United States increased by one cent to 49 cents (2.1 per cent), while the price of a basic international letter rose two cents to 86

cents (2.4 per cent).

Canada Post's domestic letter price remained the second lowest of comparable major western industrialized countries in terms of the time required for a manufacturing worker to earn the price of a stamp. The proposed increase for all postal services will result in an addition of less than one cent per day for the average household.

Other price changes include the GreetMore stamp at 38 cents from 37 cents and varying increases on TraceMail products, including Registered Mail from \$2.85 to \$2.95. There will be an overall average increase of four per cent on lock boxes as a secondary convenient delivery option. Lock boxes remain free for those with this method as primary service.
