

Community says farewell to minister

On Sunday, Sept. 5 a joint farewell reception was held at Union Church in honor of Rev. Mary Campbell, minister of Norval and Union Presbyterian churches.

Rev. Campbell has taken a call to Clarkson Presbyterian Church where she was inducted Sept 12 after preaching her farewell services at Norval and Union.

Parting gifts and best wishes were extended to Rev. Mary in her new charge.

Union church members presented a large framed moonlight enlargement of Union Church with the full moon lighting up the church, done by a local photographer. Norval Church members presented a four piece forest green wicker set, and a purse of money.

Couples Club

Ken and Lois Reid hosted the Norval Couples Club on Sept. 8.

Norval News
KAY WILSON

Delicious corn, courtesy of Carl and Gweneth Laidlaw, was cooked to a tee in the Old Iron Kettle, hung over a wood fire. Along with the corn were hot dogs, veggies, coffee and apple pie with ice-cream.

Two members of the church were honored with a belated birthday cake, courtesy Mary Crawford. Ninety-year-old Charlie Forsyth and eighty-year-old Fred Clarkson, cut the cake together.

Fifty members signed a birthday card for each and sang the Happy Birthday Song.

Entertainment was by the Paul family. Fred and Helen Paul, RR4 Georgetown had Fred's three brothers and a sister-in-law, Dan, Billy and Ralph and Sheila up from Newfoundland for a family wedding. Accompanying themselves with accordians and mouth organ, they sang every song in the book, several pertaining to their fishing home life and work. Walter Thorndyke and Lois Reid assisted with guitars.

Rev. Ann Rowsell moved a vote of thanks to the Paul's for the entertainment, to the Reids for hosting the evening, to Carl Laidlaw's for the corn, and all others who helped to make the evening a success. The Norval Church Choir finished off the evening with "Now is the Hour".

TIPS FOR DENTURE WEARERS

- Dentures should be scrubbed well and the inside of the mouth cleaned twice daily.
- Swab or brush the inside of your mouth to remove food debris and collections of bacteria which can irritate your gums.
- Return your denture to your mouth while still wet, by inserting it sideways and then rotating it into place.
- If you have a partial denture, remove it by placing your fingernails over the clasp and use a pulling motion.
- Clean your partial denture in the same way you would clean a full denture. Remove the debris from around the clasps, since they rest directly against natural teeth, and can cause the natural tooth to deteriorate if left unclear.
- When you clean your dentures, you should fill the basin half full with water, or place a towel in the sink, so that if you drop your denture, it will not break.
- Never use scouring powder or bleach on your dentures!
- Calculus or tartar deposits may be removed more easily from the dentures by brushing, after soaking them in a cup of water to which 2 teaspoons of white vinegar have been added.
- As a general rule, all dentures, partial and complete, should be taken out of the mouth at night. They should be placed in a container of water, as dentures will warp if left out to dry for long periods...if you use a cleaning solution to soak them, the denture should be rinsed thoroughly before you return it to your mouth.
