Register now for new artisan course

This is for those who enjoy working with their hands. The Credit Valley Artisans is offering a beginners course in Pottery and Sculpting with Clay. This is a nine week course held on Thursday evenings at the Cedarvale Cottage, Main Street and Maple Avenue, Georgetown.

Fascinated with clay since a youngster in England, in 1985 Mrs. Glynis Milligan added wheel pottery to her skills of clay sculpture and handbuilding. Mrs. Milligan is the current president of the Potters and Sculptors Guild of the Credit Valley Artisans and is a member of the Oakville Arts Society.

Basic handbuilding techniques of coil, slab, and pinch will be taught. Once a "feel for the clay" has been acquired, the student will be introduced to centering, basic glazing and decorating techniques of wheel pottery. All greenware will be fired in the kilns of the Credit Valley

Artisans.

There is also an introductory pottery course for children (aged 8 to 10 years) over a period of four Saturday mornings beginning Saturday, October 9.

The children will learn handbuilding and sculpting with clay as well as how to finish with their own glaze.

Mary-Ann Martin instructs this course allowing the children to express their own creativity.

Registration for either of these courses is by mail, but must reach the Credit Valley Artisans no later than one week prior to the first class.

Registration forms are available at the library in Georgetown and also at the Halton Hills Recreation and Parks Department.

You can also get more specific information on these courses by calling the Registrar - Karen King at (416) 873-2018.
