### EUROPE - IT'S TIME

Recently, many investors have asked me, "With many major European economies in different stages of recession, how can I position my investment portfolio to best participate in their recovery when it finally takes place?"

Global Strategy Diversified Europe Fund provides investors with an excellent vehicle to participate in the European markets at what will probably turn out to be bargains due to the depressed economies.

Europe is one of the world's major investment areas. European interest rates would appear set to decline sharply and there are many strong companies, with good earnings, cash flows and low share prices. These factors combine to make European stock markets one of today's most compelling investment stories.

Global Strategy Diversified Europe Fund is managed on advice from Rothschilds. Rothschilds is one of the world's foremost money managers and has managed money on the European continent for nearly two centuries.

Through active currency hedging, Global Strategy seeks to reduce exposure to European currencies it believes will be weak while enhancing exposure to the currencies it believes will perform strongly.

The fund holds most of its assets in investments that qualify as "Canadian" in order to comply with foreign property limits governing RRSP's, but it achieves a meaningful European share market exposure through a variety of strategies using decorative instruments.

The fund is 100% RRSP eligible and further information, including a short form prospectus may be obtained by contacting the author.

### CLEANING YOUR DENTURES

Keeping your dentures clean is the most important patient responsibility in good oral health. Dentures, like natural teeth, attract plaque, become stained, and collect food particles that can cause bad breath. The two best methods of cleansing dentures are brushing and soaking.

#### SOAKING

Soaking your denture every night with an effervescent tablet will effectively cleanse away food particles from crevices and spaces between the teeth. It will remove plaque and odor-causing film, and eliminate virtually all micro-organisms.

#### BRUSHING

The most effective cleansing method is brushing with a special denture brush and paste. Use a special denture paste, as regular toothpastes may be too abrasive, and can damage the acrylic surface of your dentures. Brushing daily will maintain the bright natural appearance, as well as leaving your mouth feeling fresh. Brushing is particularly recommended for removal of plaque. The best cleansing method is to combine both brushing and soaking. Denture Therapists can clean your dentures professionally, for stubborn stains and build up.

Teaching is one of the best ways of learning. Spiritual responsibility for one's life rests squarely on our own shoulders. Sharing what we know with others enkindles our soul, much like the nightingale that becomes enchanted by its own melody...

## Metro could be 'Historic' event

Trainer Bill Robinson's top freshman colt, Expensive Scooter, is a race away from cashing in on the richest payday of his rookie season but Robert Grand's ace colt, Historic, could come between Scooter and the winner's circle.

These two colts were winners in their respective \$40,000 Metro eliminations at Mohawk Raceway in Campbellville last Saturday and will undoubtedly loom as favourites in this Saturday's \$534,200 Metro, Canada's richest stakes event for two-year olds.

Expensive Scooter, a Direct Scooter colt, scored his eighth win in 12 starts in the first elimination with a time of 1:55.

### Earned a Start

The win increased his bankroll to \$220,632, but more importantly earned him a starting position and a good post placement (two) in next week's final.

Scooter paced three wide past the half to take control enroute to his two and a half length victory.

"He's turned into a real professional," praised driver Jack Moiseyev. "He's a perfect gentleman and he's matured into a race-

horse." The top four finishers from each of the two eliminations plus one fifth place finisher advance to the Metro final.

Louisiana, Viking Terror and Sweet Dragon all qualified from the first elimination.

Historic tied the Metro Stakes record with a 1:54, four and a half length victory over Million to One and Armbro Miracle in the second elimination.

Doug Brown guided the Nihilator colt, a full brother to Breeder's Crown champion Digger Almahurst, to his sixth win in nine starts. Historic now has \$113,431 in purse earnings. The complete field for Saturday's \$534,200 Metro Stakes final is as follows: Metro, Expensive Scooter, Million to One, Armbro Miracle, Viking Terror, Water Tower, Sweet Dragon, Almahurst Gold, Louisiana.
