

Parents meet with principal

I'd like to thank the 33 parents who attended our recent Parent Advisory meeting. Parents were introduced to our new Public Health Nurse, Sharon Every. You should know that as a result of cutbacks, the school nurse will no longer be in the school on a routine basis.

The nurse will continue to support special projects that inform the students about important health issues. She will also collaborate with staff and work with specific students on an appointment basis. If your son or daughter has a specific health problem that we should know about, please contact us so that our records are accurate and we can deal with any emergencies.

As well, we discussed policies that were implemented this past September. At our next meeting on Oct. 29, we will be talking about the rationale for our new smoking area and the process for channelling any concerns to personnel at the school.

Last Thursday our Grade 9 students brought home their first report card. This preliminary report describes our first impres-

GDHS Principal's Corner BRYN DAVIES

sions of students' individual skills, group skills and thinking skills. As well, a detailed attendance summary was attached. Parents are asked to sign the acknowledgement form at the bottom of the report.

Parents should also look for Letters of Concern and Sunshine Letters. If, as a result of this contact, you have any questions, please contact the subject teacher. If you would like an attendance printout, please contact our office.

I'd like to welcome Jan Walli to our English Dept. Jan comes highly recommended and will be teaching Grade 9, 11 and 12 English for the remainder of this semester.
