877-6569 (call anytime)

**Montgomery's of Georgetown**

Gifts and Collectibles

COLLECTOR PLATES, PORCELAIN DOLLS, MUSIC BOXES

**MAKING FINE ART AFFORDABLE**

Collecting fine works of art traditionally has been a hobby for a select few; most people only can afford to purchase posters or inexpensive reproductions of masterpieces they admire - economically priced, yet flimsy and rarely capturing the beauty of the original.

Collector's plates neatly bridge the gap between affordability and quality. Although some plates may issue for as much as \$100 or more, most are priced at less than \$50.

**WHICH PLATES SHOULD YOU BUY?**

While it's important to consider such variables as the edition limit, the artist or subject matter, the rule of thumb for any collector -- veteran or beginner -- is really simple: buy what you like. If you enjoy portraits of beautiful children from that gracious, leisurely era known as the Victorian Age, buy them. If looking at plates featuring wildlife appeals to you, bring the outdoors in through your plate collection. Don't worry about impressing anyone but yourself.

At its essence, plate collecting is about bringing beauty into your home and into your day-to-day life, about that lift in spirit you'll feel every time you pause to admire your well-chosen collection. And the rewards begin with your first purchase.
