

Russell Vouture wins ADHS trivia contest

As part of the Winter Carnival, the Acton High School Resource Centre held an Olympic Trivia contest. Potential winners were asked to deposit answers in a box for a lucky draw: The question was, "Why are the sports' pictographs (identifying each Winter Olympic Sport) so unique in Lillehammer?"

The answer is that they are based on petroglyphs, rock paintings, found in caves. The oldest one is in Norway and depicts a person on skis 4,000 years ago.

Russell Vouture submitted a correct answer and won a free pizza dinner for two courtesy of Andy's Family Dining and Pizzeria on Mill Street in Acton.

14 WESLEYAN STREET

Just off Main Street, Georgetown

Waiting for the water to get hot is like waiting for . . .

If you're running an antiquated electric water heater the cows could be home *before* the water is hot. On the other hand, you could switch to an energy-efficient, oil fired Aero water heater. With Aero's rapid recovery time and high volume storage capability, the whole family will be showered and scoured before the cows are even over the hill.

Searching for home

Left: Sheri Burton of Acton Veterinary Clinic is looking for someone to adopt Kelly (left) and Katie, a pair of beautiful cats available at the clinic. Because the five-year-old cats are sisters, she would like to see them stay together, and go to the same home. Both cats are spayed, and vaccinated. Anyone wishing to adopt Kelly and Katie can call the clinic at 853-1450.

Meanwhile, the Erin-Hillsburgh Humane Society which includes Halton Hills, is fostering a lost Lhasa poodle cross dog. The female, with a brown collar, was found Thursday, March 10 at the corner of Hwy. 7 and Prince Charles Dr. If she's yours, call 519-927-5152.
