

Spaghetti anyone?

The Open Door raised \$310 to help support its programs at a spaghetti dinner last Thursday night (March 24). From left is Jeremy Hamp, Mike Waskalik, Meghan and Judy

Gibson and Jennifer Potipco, all volunteers helping to put on the event.

Tree for charity

The Ontario March of Dimes Ability Tree Program was launched in Halton recently. The tree, which stands in the lobby of the regional centre in Oakville, is to be decorated with circular discs featuring the names of donors. Each donation of \$50 or more will be recognized by a disc on the tree. The tree is also designed to raise awareness of the March of Dimes and the services it provides.

The target for the Halton campaign is \$7,500, and the tree will be complete when that amount is reached. The Ontario March of Dimes assists the more than 1.2 million people in Ontario with physical disabilities.

NEW LAVEDENT DENTURE CLEANSER

As LAVEDENT concentrate is added to water, special agents within the cleanser automatically adjust water hardness and soften the water being used. As soon as enough concentrate has been added (1 to 2 capfuls per 8 ozs. of water), the solution is active. As the denture is immersed, the solution immediately begins to dissolve plaque (tarter), and remove debris and odour. Other special agents allow LAVEDENT to penetrate and clean even the smallest cracks and crevices. While LAVEDENT works within the pH range necessary to remove plaque, it is not a strong oxidant or bleach and, therefore, can safely be used on any dentures with soft linings or metal attachments. LAVEDENT has also many distinct advantages over other denture cleansers. It's regular use makes sense because you will always be assured of having a completely clean, odour free, fresh denture. LAVEDENT is not available in stores, but is available at our office.
