

Severe damage

A 1988 Oldsmobile sustained severe damage when it hit a hydro pole Monday at 10 p.m. The car was being driven by a 19-year-old Acton resident on Commerce Ct when it went out of control on a curve, locked brakes and skidded into the pole. There were four passengers in the car, and one person received slight injuries, police said.

Guelph St. break-in

A Guelph St. business was broken into and there was an attempt to break into another sometime overnight Monday, police said. The door of the Georgetown Career and Training Information Center was

found pried open and desks and cabinets were in disarray. About \$125 cash is missing and the door was damaged, police said. Thieves also attempted to break into an investment firm in the same building at this time, but failed.

Navigational instruments

A nylon bag containing about \$500 worth of air navigational instruments and manuals was taken from a van parked on Stockman Cres. in Georgetown sometime between June 23 and 24, police said.

Police Blotter

Impaired charges

A 35-year-old Georgetown resident was charged with impaired driving and having over the legal limit of alcohol on his breath Tuesday. He was stopped by police on Acton Blvd. at 4:50 p.m. and given a breathalyzer test.

Man charged

A 66-year-old Georgetown man was charged with assault and threatening death after an incident at his residence at about 8 p.m. Tuesday. The charge was laid after an argument broke out between

the man and his wife, police said.

Vandalism

A cast iron patio chair was thrown through two living room windows on Chelvin Dr. at about 10 p.m. Sunday night, police said. The damage is estimated to be about \$800. Police said several suspects between 18 and 21 years old were in the area.

Deer in path

A Georgetown man was driving a 1982 GMC van south on Trafalgar Rd. near Hwy. 7 at 9 a.m. Sunday morning, police said. A deer ran in front of the vehicle which went into the ditch and struck a tree. The van sustained moderate damage.

Senior officers get new contract

By BELINDA SUTTON
Special to The Independent/Free Press

Senior Halton police officers and civilians finally have a contract — for last year.

Officials signed a 1993 contract at a recent meeting of the Halton Regional Police Services Board.

The contract is retroactive to January 1, 1993 and covers wages, salaries and working conditions for the 17 members of the Halton Regional Police Senior Officers Association.

The association includes nine police officers with ranks of inspector and superintendent as well as eight civilians.

Inspector Tony Repa said the contract, which expired last December 31, doesn't include any salary increases because wages are frozen until March 1996 under the provinces' Social Contract.

However, the contract provides some improvements in benefits to the spouses of deceased retired members, Insp. Repa said.

"It's a good contract given the economic climate."

Insp. Repa said the contract also includes some minor changes in wording and phrases. "It (contract) was just house cleaning."

His association hasn't yet begun bargaining sessions for its 1994 contract, he said.

Paul LaCourse, administrator of the Halton Regional Police Association, said his association representing 520 police and civilians signed its 1993 contracts last March.

ALEX TRENTON DENTURIST

NEW BREAK THROUGH FOR LOWER DENTURES

Does your lower denture move from side to side? Do you have difficulty in speaking? Or, in eating even the softest foods? Does your denture fly out of your mouth when you cough or sneeze? Do you have a flat lower ridge? If you answered YES to any of these questions, we could have the answer for you. Now, we can make those dentures fit firmly for virtually every lower denture wearer!

With the new MYOLOC SYSTEM. The product of over five years of extensive research, the Myoloc System consists of varying sizes of specially designed "Wings." Once attached to your denture, these Wings give you the stability you've been hoping for and, it's completely invisible in the mouth.

It can be installed on your existing denture in the same length of time as a simple repair. With Myoloc, you won't experience any disruption of normal business or social activities.

Patients across the country are already wearing dentures with Myoloc Wings attached. They report greatly increased comfort when compared with dentures without the Myoloc System.

Myoloc has been designed to be affordable. In fact, the cost is about the same as a standard denture reline. We Specialize in problem lower dentures. Give our office a call to see if the Myoloc system might work for you.

WE CARE ABOUT YOUR SMILE!
