

A SURPRISE OPEN HOUSE!

For
Hank & Mary Walsma

at the
Acton Curling Club
on Sunday, Aug. 14
1:00 to 4:00
**Happy Anniversary
Mom & Dad**

Love Lisa, Mark,
Terri, Jason and
John

One of the railings on the bridge at Fairy Lake came off recently, and the Parks and Recreation Department has put up some temporary fencing to act as a barrier and make it safe. Parks superintendent Bryan Shynal said the

bridge is getting old and plans were already underway to replace it with a new one. The area may be closed for two days during this change, but the new bridge will be in place in time for the Acton Fall Fair.

CORRECTION NOTICE

We wish to draw your attention to the errors in our "Back To School" flyer.

Page 11: Weldmate Arc Welder Kit, 58-8006-4 is a 75-amp, not 15-amp.

7 pc. wrench set, 58-8566X does not include a storage case.

Page 8: Item 3 & 4. Decora Replacement Switches, 52-8222X.

Flyer reads: Reg. 3.19 to 13.99, Sale 1.99 to 6.99 ea, Save up to 50%.

Should read: Reg. 2.86 to 9.86, Sale 1.99 to 6.99 ea, Save up to 30%.

Page 11: 3/4 HP Oilless Air Compressor, 58-7854-2.
Flyer should read: Save 30.00, Not Save 50.00.

Canadian Tire regrets any inconvenience these errors may have caused our valued customers.

Tooth Chatter
by
ALEX TRENTON
DENTURIST

STAGES OF DENTURE CONSTRUCTION

- "IMPRESSION":** A mold is taken of your gums. A plaster/stone model is then poured. The exact replica of your mouth will enable us to build you a precision-fitting denture.
- "BITE BLOCKS":** The bite establishes the correct position your jaw should be in when they come together. A wax bite block is used to establish this position. Other points of anatomical interest will be marked on the block at this time.
- "TRY IN":** Type of teeth are selected, and they are actually set up with wax in a plastic denture. This enables us to move teeth around and change them, until we have achieved the desired look and function. Only when you are happy with the look do we begin the long involved process of fabrication and the finished product.
- "INSERT":** Today is the day you have been waiting for, the day you get your new dentures. We will insert your dentures, and make any necessary adjustments. You will then be informed of the best methods for good oral hygiene and denture care.
- "ADJUSTMENT":** New Dentures can take up to a month or even longer to settle into your tissue. You will probably experience tender sore spots during this period. Be patient! If you get sore spots, give our office a call. That's what we're here for!

WE CARE ABOUT YOUR SMILE!
