

OMAFRA open house

# Special panels discuss agricultural issues

The Ontario Ministry of Agriculture, Food and Rural Affairs in Georgetown will hold an open house for all residents of Halton and Peel on Tuesday, January 10.

The program begins at 2 p.m. and will feature a panel discussion on environmental issues and taxation planning on the farm. Panelists are Dave Mitchell of Binbrook, and Doug Miller, a former agricultural representative.

All staff will be present throughout the day to inform you of local programs and services.

"Farmers and rural residents felt that we should promote our services better and this open house is exactly for them," said

Yves Lavictoire, agricultural representative at the Georgetown field office.

"The ministry's office is a focal point of training and resources from food production to business management; from financial assistance to leadership development. Come in and be surprised," says Lavictoire.

A special evening panel on rural agri-businesses will begin at 7 p.m.

If starting an agri-business is one of your dreams, come in and learn from an expert.

There will be informative displays throughout the office. Refreshments will be served to our visitors.
