

# Blood bank supplies refilled

## Three give for the 75th time

Two hundred and forty-four units of blood were collected at last Monday's Red Cross donor clinic at Holy Cross Church hall.

It is a substantial vacation time contribution to the low blood bank inventory, said Erica Thompson and Flo Street of Halton Hills Red Cross blood service committee.

The clinic was sponsored by Johnson and Associates and The Independent & Free Press which provided promotion, manpower and financial support.

Recognition was given to donors who had reached notable levels: J.D. Hewitt, D. Haslam, D. Clifford (75th donation); D. Clayton, P. Skaftved

(50th donation); J.H. Horwood, E. Sechihamer (35th donation); K. Annett, J. Taylor (20th donation). All donors are thanked for their contributions.

Also thanked are telephone reminder caller, Terry Yahiro; secretarial work, Shirley Chaplin; clinic staffing and supervision, June Russell, Janet Dean and Anna Ewens.

Refreshments were donated by A&P, Dairy Queen, Loblaws, Pizza Hut and Shoppers Drug Mart. Kitchen staff was arranged by the Catholic Women's League.

The next Georgetown blood donor clinic will be held Monday, November 18 at Holy Cross Church.

Throwing herself right into her new job, Marlene Beitz, the newest branch manager of Halton Hills Branch of the Red Cross, was attended by Red Cross medical technician Senka Petrovacki as

she gave blood at Monday's blood donor clinic at Holy Cross Hall. The clinic was co-sponsored by Johnson and Associates Halton and The Independent & Free Press.

### YARD WASTE COLLECTION AUGUST 19

On Monday, August 19, 1996 there will be one additional Yard Waste Collection Day in urban Halton Hills.

**Yard Waste** (except brush) must be placed in clear plastic bags or open containers (no garbage cans).

*This will distinguish it from garbage and ensure no contamination. Yard Waste collected is composted into an excellent soil conditioner. This saves valuable landfill space and reduces landfill leachate contamination.*

**Brush** must be bundled and tied, not bagged, in lengths no longer than 4 feet and no wider than 2 feet.

*Tying in small bundles aids in collection.*

Remaining Yard Waste Collection Days for 1996 are:

October 7  
October 21

November 4  
November 18

### REMEMBER - GRASSCYCLE AND COMPOST!

#### CARING FOR OTHERS

You may find yourself caring for the health of another person - a family member or a close friend. When this person needs denture care, there's a lot you can do to help. It may be a little awkward and embarrassing at first, but go slowly.

All dentures - removable or fixed - must be cleaned daily. Check dentures for cracks and stains. Fill the sink with water and scrub removable dentures thoroughly with a denture brush and soap. Rinse removable dentures in clear water after cleaning. Dentures should be soaked overnight. Be careful when cleaning around metal clasps and framework.

Get the other person to guide you in removing and replacing dentures. (With complete dentures, remember uppers go in before lowers.)

If you have any concerns regarding your dentures, feel free to give our office a call.
