WANTED: Recreational Baton Instructor!

Teen thugs mug local man

A 46-year-old Georgetown man was roughed up and robbed while he walked along Guelph St. Monday evening.

Police say the man was walking westbound on Guelph St. when two youths approached him and tripped him for no reason. He got up and the two youths walked off laughing.

Police say the man noticed the two youths ahead of him as he approached Georgetown District High School. He tried to avoid them but police say he was grabbed and thrown to the ground.

Police report the youths held his arms and demanded money. They found the man's wallet, which contained cash and personal papers, took it and fled.

The man, who was shaken up but not injured, called police from a local convenience store.

The two youths are described as white males. One was about 4'11", 18 to 19 years old, 130 lbs, with a medium build, clean shaven and short, dark hair. He was wearing a dark blue jacket with a hood, dark pants and white running shoes at the time of the incident.

The other youth was about 5'2", 18 to 19 years old, 125 lbs, medium build, clean shaven with dark, short hair. He was wearing a dark jacket and white running shoes.

Police are seeking witness to the attack. Anyone with information is to call detectives at 878-5511, ext. 2115 or Crime Stoppers at 825-8477.

Two parent forums scheduled to discuss school reconfiguration

The Halton Council of Home and School Associations will host two parent forums to discuss the reconfiguration of schools.

Parents, students and staff who are currently involved in a Grade 7 to OAC school have been invited to be members of the panel. They will make short presentations followed by a

question and answer period and small group discussions.

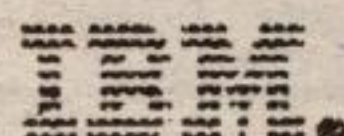

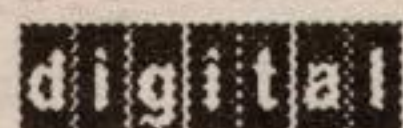

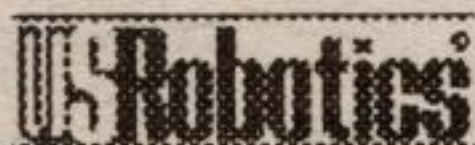

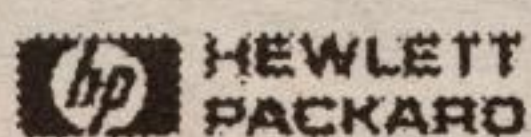

The 7-9 p.m. forums will be held Oct. 10 at M.M. Robinson High School in Burlington and Oct. 17 at Iroquois Ridge High School in Oakville.

For more information call Sue Robertson, (905) 849-7695.

REGION OF HALTON

YARD WASTE

COLLECTION INFORMATION

Yard Waste (except brush) must be placed in clear plastic bags or open containers (no garbage cans).

- This will distinguish it from garbage and ensure no contamination.
- Yard Waste collected is composted into an excellent soil conditioner. This saves valuable landfill space and reduces landfill leachate contamination.

Brush must be bundled and tied, not bagged, in lengths no longer than 4 feet and no wider than 2 feet, with no branches larger than 3 inches in diameter.

- Tying in small bundles aids in collection.

Fall Yard Waste Collection Days for 1996 are:

October 7	November 4
October 21	November 18

Please ensure all material is placed curbside before 7:00 a.m.

REMEMBER - GRASSCYCLE AND COMPOST!
